

THIRTIETH ANNUAL REPORT.

(SEPTEMBER 30TH, 1911—SEPTEMBER 30TH, 1912.)

College Hall, University of London.

Presented to the Annual Meeting,

December 2nd, 1912.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses.

COLLEGE HALL, LONDON.

(UNIVERSITY OF LONDON.)

THE TWENTY-SEVENTH MEETING OF MEMBERS was held at the Hall on Monday, December 2nd, at 5 o'clock, when the Chair was taken by T. Gregory Foster, M.A., Ph.D., Provost of University College. There were eleven members present.

I. The Annual Report hereto appended was presented by the Chairman, and approved.

II. The Annual Balance Sheet appended hereto was presented, in the absence of the Hon. Treasurer, by Mrs. Viriamu Jones, and approved.

III. The following were re-elected Members of the Council:—

MRS. VIRIAMU JONES.	MISS WEAVER.
MISS D. C. HARE.	MISS SPENCER WIGRAM.
PROFESSOR KER.	MRS. VICTOR WILLIAMS.

The following new candidate was elected:—

MISS WINIFRED SMITH, B.Sc., Tutor to the Women Students of University College.

IV. On the motion of Mrs. Colman, seconded by Miss Kilgour, it was resolved:—

"That the Members of College Hall desire to express their deep regret at the death of Miss Rosa Morison, and at the loss thereby entailed to College Hall. They desire further to record their profound appreciation of the great and continuous service rendered by Miss Morison to College Hall from its foundation to the present time, both as Honorary Vice-Principal from 1883-1900, and as a member of its Council for almost 30 years."

V. On the motion of Miss Paul, seconded by Miss Smith, it was resolved:—

"That this meeting of the Members of College Hall learns with

much regret that the Principal, Miss Lindsell, is giving up her post at Christmas, and that the Members desire to take this opportunity of thanking Miss Lindsell for her work in and on behalf of the Hall."

The Chairman reported that Miss Lindsell had been asked to stay until the end of the Second Term, as the Council had not yet been able to decide upon her successor.

VI. The Chairman reported that, in addition to the option for the purchase of the site obtained and reported in the previous year, the Council had obtained a similar option for the purchase of the lease for £3,195; that the total cost of the purchase of the site and lease would be £11,000; that towards this sum about £9,500 had already been subscribed, promised, or bequeathed; that there was therefore urgent need of £1,500 to complete the purchases of the site and lease in 1913, and that it would be necessary to raise a further £19,000 to construct the necessary buildings.

The Chairman also reported that an appeal had been made to Members of the Hall, that an appeal would shortly be sent to all old students of the Hall, and that early in 1913 a second appeal would be issued to the City Companies. It was suggested by Miss Kilgour that in making this last appeal it would be well to ascertain what number of College Hall students had been educated in schools of the Companies, and to mention the numbers if they should prove considerable.

GENERAL REPORT OF THE COUNCIL FOR THE SESSION 1911-12.

FORTY-ONE students resided in College Hall during the Session 1911-12, of whom thirty-eight were taking degree courses in Arts, Science, or Medicine, or the full course of three years in Fine Art.

Twenty-two were students of University College, twenty in the Faculty of Arts (of whom eleven were in the Slade School), and two in the Faculty of Science. Three were students of the London School of Economics and Political Science. Sixteen attended the London (Royal Free Hospital) School of Medicine for Women.

The following successes were gained during the year: Three students obtained first-class Honours in the Final Examinations for the degrees of B.A. and B.Sc.: Miss E. O'Rourke in English, Miss K. Parker in Zoology, and Miss M. Buer in Economics. All three remained in residence throughout the Session. Miss O'Rourke read for the Degree of M.A.; Miss Parker, who also gained the Derby Scholarship for Zoology at University College, was engaged in research on Marsupial Embryology; Miss Buer, who also gained the Hutchinson Research Studentship at the School of Economics, was reading in preparation for a thesis for the Degree of D.Sc. In the University College Examinations, Miss Dorothy Buckby, who completed her third year's work for the Degree of B.A., Honours in History, gained a prize and four first-class certificates. A first-class certificate was also gained by Miss Hilda Fowlds. The Andrews First Year Scholarship in Modern Languages and History, as well as the Junior prizes in French and German, were gained by Miss Hertha Kohn. In the Slade School Miss Dora Carrington

gained one of the two annual scholarships awarded by the School, as well as the Melville Nettleship prize for Figure Composition, and the second prize for Figure Painting. Miss K. C. Lloyd gained the first prize for Painting from the Cast, and the second prize for Head Painting. Miss Elsie Barker gained the third prize for Head Painting, and Miss Margery Edwards the second prize for Painting from the Cast. Certificates were gained in Painting by Miss Edwards and Miss Lloyd, in Drawing by Miss Callaway and Miss Humphries, and in Fine Art Anatomy by Miss Callaway.

In Medicine Miss Maud Richards completed the M.B. B.S. Examination. Miss N. Mackay completed the course for, and passed the Second Medical Examination. Miss Church, Miss A. Lloyd, Miss K. Lloyd, and Miss Moralt successfully completed their course for the Second Medical Examination, Part I., and Miss Daintree and Miss Norton for the First Medical Examination. Miss Olive Ramsay, who had already taken the Natural Science Tripos at Cambridge, took, instead of the First Medical Examination, the Intermediate Science Examination, with a view to finally obtaining the degree of B.Sc. Miss Ruth Plimsoil passed the Matriculation Examination, and will proceed to Medicine. In the School of Medicine Examinations Miss Gertrude Dearnley gained the Evans Prize for Operative Midwifery, and certificates for Medicine and Surgery. Certificates were gained for Forensic Medicine by Miss M. Lloyd, for Anatomy (Senior), and Practical Anatomy by Miss N. Mackay, and for Organic Chemistry by Miss A. Lloyd.

The Pfeiffer Fellowship for the Session 1912-13 was awarded to Miss Parker, who continues her research in Marsupial Embryology. The Pfeiffer Scholarship was awarded to Miss Mary Holiday, who has passed the Intermediate Science Examination, and is proceeding to work for the M.B. B.S. degree.

All the rooms in the Hall have been occupied through-

out the year, and the result of the year's working from a financial point of view is a balance of £75.

In order to increase the usefulness of the Eleanor Grove Memorial Fund, the Council considered the terms of the fund, and decided that though the principal was ear-marked as a loan fund, the interest on the invested part might at their discretion be put to other uses. This interest, which will amount to about £15 per annum, will for the future be paid into a separate fund, and utilised from time to time by the Council for the benefit of students.

The Exhibition Fund has received a fourth donation of £10 10s. from Miss Gibson.

The Old Students' Association has made on two occasions invaluable grants to meet cases of sudden and special need. These grants often supplement and complete the help given in scholarship or bursaries, and combine to form a very adequate scheme of assistance.

On the 8th February Miss Rosa Morison died in her room, at University College, having just completed a letter relating to College affairs. Those who know her feel that this is the end for which she herself would have wished. Miss Morison was intimately connected with the Hall during the whole period of its existence, as Honorary Vice-Principal until 1900, and as a Member of Council for almost thirty years. The loss of her continuous experience, her vivid interest, and her eager help will long be felt. At the meeting of Council of 19th February, the following resolution was passed: "That the Council desire to express their deep regret at the death of Miss Rosa Morison, and to tender to her relatives their sincere sympathy. The Council desire also to record their appreciation of the great services rendered by Miss Morison to the movement for the Higher Education of Women, and more especially to College Hall, both during her tenure of the office of Honorary Vice-Principal, and since that time as a Member of the Council."

Miss Morison bequeathed to College Hall the following legacies:—

£250 to the Endowment Fund.

£250 to the Eleanor Grove Memorial Fund.

£100 to the Library Fund.

One-third of the ultimate net residue to be used for such purposes as the executors and trustees shall think fit.

The Council propose that this money shall be applied so far as is necessary, to the purchase of the site of Byng Place; that the surplus be used for the erection of the new buildings, and that one of the rooms in them be named the Grove-Morison Room. It is a matter of satisfaction to the Council that they certainly know that the building scheme has taken the form which Miss Morison desired, and that the above proposal is the one which would have been acceptable to her.

The Council tender their thanks for various gifts in Miss Morison's memory. An enlarged photograph was most kindly presented by Miss Marsden, and a bust of Miss Grove, which belonged to Miss Morison, was given by Miss Charlotte Morison. These are placed in the visitor's room, which the Old Students' Association has beautified by the loan of the furniture left to them by Miss Morison. It is the hope of the Council that this arrangement may prove the first step towards the fulfilment of Miss Grove's and Miss Morison's desire, that some room in the Hall should be available as a meeting place for the use of old students.

A grant of £16 16s. from the Crabb Robinson Trustees has enabled the Council to renew their subscription to Mudie's Library, and to buy a number of books of a less serious character than those purchased with the Council grants. Lady Wright has made her yearly presentation of copies of Mill's "Subjection of Women" for new students, and continues to supply the Common Room with the various Suffrage Magazines. Mrs. Cohen kindly continues to supply the "Anti-Suffrage

Review." Thanks are due to Lady Lockyer and Miss Elsie Fraser for tickets for the Zoological Gardens; to Lady Lockyer and Miss Aston for tickets for the Royal Institution; to Mrs. Eve for Concert tickets; to Miss Fawcett for tickets for Suffrage meetings; and for various occasional gifts of tickets to Miss Kemp, Miss Leigh Browne, and Miss M. C. Martin. Miss Leigh Browne has also presented a photograph of the grave of Doctor Elizabeth Blackwell, which has been hung in the Library beneath the portrait of Doctor Blackwell given by Miss Leigh Browne some years ago.

Early in the October Term Mr. Stephen Paget offered and gave a second lecture to students of the Hall, on "What we Owe to Experiments on Animals." In order to give students the opportunity of hearing both sides of the question, a lecture on "National Health and Medical Research" was arranged with the kind help of Miss Leigh Browne, and given in the Summer Term by Doctor Charles Reinhardt. A lecture on "Folk-lore" was given in the Easter Term by Miss Burne, late President of the Folk-lore Association.

The scheme of providing occasional country holidays for students has this Session been much expanded. A bungalow, in Flackwell Heath, with a small garden has, with the sanction of the Council, been taken on a year's lease by the Principal. The cost of the undertaking has been defrayed by various special donations. Miss Brodrick gave £15, and most generously promises £5 annually; the Old Students' Association gave £10, and will consider the possibility of making an annual grant; Mr. Francis, guardian to a resident student, kindly promises £10 a year for some years. Much of the furniture was lent by one of the resident students, and various members of Council made special contributions. The experiment has proved of great benefit and pleasure to the students, and the bungalow has been used weekly during the Term, and let continuously during the vacations. The rent thus obtained supplements the resources, which will be

adequate for the first year. The Council propose, so soon as the Principal can supply them with an estimate of the average annual expense entailed, to consider the advisability of taking over the management.

The Council very much regret to have to announce that Miss Lindsell has found it necessary to resign the office of Principal, and that her resignation will take effect on December 31st next. Owing to the sad death of her sister, Miss Lindsell finds it impossible to spend away from her home as much time as is necessary to fulfil her duties at the Hall. Her tenure of office has been remarkably successful, and her administration characterised by effectiveness and economy. She has thrown herself with spirit and energy into the movement for the acquisition of the freehold of the site and for the rebuilding of the Hall. Her influence has been a stimulus to the Students, and has helped to maintain the true tone of a University Hall of Residence. Her loss will be severely felt. An appropriate resolution will be submitted to the Annual General Meeting.

The Council hope to appoint a new Principal early in November, who should enter on her duties at the beginning of the Second Term.

Progress has been made with regard to the building scheme. In addition to the contract for the purchase of the Site for £7,500, the Council have now obtained a similar contract for the purchase of the remainder of the lease for £3,195, both options to expire in June, 1913. To raise and administer the necessary funds an influential Trust Fund Committee, of which the Chancellor of the University (the Right Hon. the Earl of Rosebery) is a member, and the Right Hon. Lord Avebury the Treasurer, has been formed.

The scheme has been reported to Her Gracious Majesty the Queen, and the Council have been informed that "the object is one which meets with Her Majesty's entire approval." "So soon as the necessary funds have been raised to complete

the scheme, the Queen will be prepared to give her favourable consideration to the question of the College Hall being named after Her Majesty."

The total sum needed is £30,000. To complete the purchase of the Site and Lease will cost £11,000. Towards this £9,500 have now been subscribed, bequeathed, or promised. It remains to raise £1,500 immediately, and £19,000 as quickly as may be. The matter is urgent. Every year the demand for residence grows. Every year the accommodation afforded by College Hall becomes proportionately more inadequate. It is a known fact that, apart from their loss in being debarred from the advantages of corporate collegiate life, numbers of students still fail to secure even good board and lodging. It rests with those who believe in education to put the chance of suitable surroundings both for mind and for body within the reach of every woman student of those Schools of the University to which College Hall is attached.

FELLOWSHIPS AND SCHOLARSHIPS.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.

MISS CECIL GRADWELL,
Accountant & Auditor.

LONDON, S.W.

October 29th, 1912.

To the Council of College Hall,

LADIES AND GENTLEMEN,

I beg to report that I have duly audited the books of the Hall for the year ending September 30th last, and have pleasure in stating that I found them in order, and the expenditure most fully and carefully vouched.

I note that the Endowment Fund has been increased during the year by a Legacy of £250, and that the amount has been invested in India $3\frac{1}{2}$ per cent. Stock. I likewise note that the Reserve Account has again been satisfactorily increased, and now shows the substantial balance of £334 17s. 1d.

The Maintenance Account shows very little alteration from that of the previous year, and does not appear to call for any comment from me.

I note that the Legacy received by the Eleanor Grove Memorial Fund during the year has been invested in a further purchase of Queensland $3\frac{1}{2}$ per cent. Stock, and acting on a Minute of the Meeting of July 15th last, I have carried the interest on the whole of the Investment of this Fund to a separate Account, to be applied as the Council may decide.

I have procured from the Bankers all the usual Certificates as to the balances of the different Funds at September 30th last, and their acknowledgment as to the Stock receipts of all the Inscribed Stocks. I assume that the Certificate of the £400 Lanes. and Yorks. Railway 3 per cent. Stock is still in the hands of Trustees, as I was informed some years ago.

I beg to remain,

Yours faithfully,

CECIL GRADWELL.

THIRTY-FIRST ANNUAL REPORT.

(SEPTEMBER 30TH, 1912—SEPTEMBER 30TH, 1913.)

College Hall, University of London.

*Presented to the Annual Meeting,
December 15th, 1913.*

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

COLLEGE HALL, LONDON.

(UNIVERSITY OF LONDON.)

THE TWENTY-EIGHTH MEETING OF MEMBERS was held at the Hall on Monday, December 15th, at 5 o'clock, when the Chair was taken by T. Gregory Foster, B.A., Ph.D., Provost of University College. There were thirteen members present.

- I. The Annual Report hereto appended was presented by the Chairman, and approved.
- II. The Annual Balance Sheet appended hereto was presented by the Hon. Treasurer, Lady Lockyer, and approved.
- III. The Right Hon. Lord Avebury was elected an Honorary Member of the Hall.
- IV. The following were re-elected Members of the Council:—

MISS CLEGG.
DR. GREGORY FOSTER.
PROFESSOR KER.
MISS LEFROY.

MISS MACDONALD.
PROFESSOR TROUTON.
MRS. VICTOR WILLIAMS.

The following new candidates were elected:—

THE RIGHT HON. LORD AVEBURY.
G. B. FRANCIS, Esq.

- V. On the motion of Lady Lockyer, seconded by Miss Leigh Browne, it was resolved:—
 - (a) "That the proceeds of the sale of securities, amounting to £1,168 17s. 7d., be utilised for the purchase of the leasehold and freehold, and form part of the Site and Building Fund."
 - (b) "That the sum of £250 of the Rent Reserve Account be likewise utilised for the purchase of the leasehold and freehold, and form part of the Site and Building Fund."
- VI. After reporting on the progress made by the Site and Building Fund since the last Annual Meeting, and upon the purchase of the lease and freehold, the Chairman moved, and it was resolved:—

"That this meeting of the Members of College Hall pledges itself to use its best endeavours to raise the sum of £19,250 still required for the completion of the Site and Building Fund."

GENERAL REPORT OF THE COUNCIL

FOR THE SESSION 1912-13.

FORTY-TWO students resided in College Hall during the Session 1912-13, of whom thirty-two were in residence during the entire Session. Thirty-seven were taking degree courses in Arts, Science, or Medicine, or the full course of three years in Fine Art. Of the twenty-six students attending University College, twenty-two were in the Faculty of Arts (of whom twelve were at the Slade School), and four in the Faculty of Science. Fifteen were students at the Royal Free Hospital and the School of Medicine for Women. One student concluded her course at the London School of Economics.

The following successes may be recorded: Miss Buckby and Miss Fowlds obtained the B.A. degree with Second Class Honours in History. Miss Jeffery Smith and Miss Mason passed the Intermediate Arts Examination; Miss Chatt and Miss Tyacke the Intermediate Science Examination. Miss Furby gained the Higher Senior French Composition Prize, Miss H. Kohn the Higher Senior German Composition Prize at University College.

In the Slade School, Miss D. Carrington and Miss R. Humphries divided between them the first prize for Figure Painting and the first prize for Painting from the Cast. Miss Humphries also gained the first prize for Head Painting, and the second prize for Figure Drawing. Certificates in Painting were awarded to Miss Callaway, Miss Humphries, Miss Violet Jones, and Miss M. While; certificates in Painting, Perspective, and Fine Art Anatomy, to Miss Somerscales.

In Medicine, Miss Dearnley, Miss Barnes, and Miss Moss passed the M.B. B.S. Examination. Miss Moss and Miss Clough completed the M.R.C.S. L.R.C.P. Examination.

Miss Daintree, Miss Holiday, Miss Norton, and Miss O. Ramsay passed in Part I. of the Second Medical Examination; Miss Gilford in the First Medical Examination. Miss Rhodes was successful in the first Conjoint Examination. Prizes in Histology and in Practical Physiology were awarded to Miss Holiday and Miss Church, respectively, and a certificate in Gynæcology to Miss Moss, at the London School of Medicine for Women.

In July the Pfeiffer Fellowship was awarded for a second time to Miss K. Parker, to enable her to continue her research work in Marsupial Embryology. Miss Parker is demonstrating in Zoology this term at University College. The Pfeiffer Scholarship for the Session 1913-14 was also awarded for a second year to Miss M. Holiday, who, having passed the first part of the Second Medical Examination, was working for the M.B. B.S. degree. The opening of the present Session was clouded by the news of her death, during the Vacation, in St. Mary's Hospital, after six weeks of suffering, borne with cheerful fortitude. Although she had constantly to contend with indifferent health, she was a most enthusiastic student, and those best qualified to judge of her work considered it of high merit. There is no doubt that, by her early death, her chosen profession loses a student of real promise. The vacant Scholarship has since been awarded to a new student, Miss Eryl Glynne, who has already passed the First Medical Examination of the University of London, and is now proceeding to the M.B. B.S. degree.

A bursary for the Summer Term was granted to Miss E. Chatt from the interest on the Eleanor Grove Memorial Fund.

The Council have appointed Miss Mary Hollings, M.A., to the office of Principal in succession to Miss Lindsell, whose resignation was reported last year. Miss Hollings was educated at the Wimbledon High School and at Lady Margaret Hall, Oxford, and for the past three years had acted as Assistant to the Professor of Education in the University of Birmingham. She came into residence at the beginning of

April, Miss Lindsell having acceded to the request of the Council to defer her resignation until the end of the second term.

On 5th May the Council held a reception for the members of College Hall, present and past students and their friends, for the purpose of introducing the new Principal, and extending to her a hearty welcome.

Another important change in the permanent staff of the Hall has taken place during the past year. Miss Blomefield, who had acted as Assistant to the Principal since July, 1906, and whose quiet influence had been highly valued at the Hall, resigned her office. She has been succeeded by Miss Ethel Tomlinson, who had held the office of Bursar of St. Hilda's Hall, Oxford.

The death of Lord Avebury, who had from its earliest days been associated with College Hall as Hon. Treasurer, and latterly also as Treasurer of the Trust Fund Committee, has left vacant both offices. At the Meeting of Council on 21st June, it was resolved that the Acting Treasurer, Lady Lockyer, be asked to express to Lady Avebury the sympathy and regret of the Council on the occasion of Lord Avebury's death, and to record their appreciation of the services he had rendered College Hall. The Council was represented at the Memorial Service in St. Margaret's, Westminster, by Mrs. Colman and the Principal. At the request of the Council, his son, Lord Avebury, has intimated his willingness to accept nomination as Treasurer of the Hall. It is hoped that he will find time to be an active member of the Council. The death of Mrs. d'Oyley Carte, a member of the Hall, has to be recorded, to the regret of the Council.

The establishment of a Bungalow at Flackwell Heath for week-ends, and for students who are temporarily out of health, has been much appreciated by the residents. At the request of the Council, a financial statement and a short account of the Bungalow are appended to this report.

The subscription to Mudie's Library has been renewed with a grant of three guineas from the Crabb Robinson Trustees. Lady Wright has again presented each of the new students with a copy of Mill's "Subjection of Women," and kindly continues to supply the Common Room with Suffragist literature. The kind gift of a cast of the bust of Mr. Shaen, by Woolner, has been received from Miss Leigh Browne on the condition that if, at any time, the Hall Association should be dissolved, the bust be offered to Girton College.

The Hall has again been fortunate in receiving a variety of tickets from its friends. Warm acknowledgements are due to Lady Lockyer and Mrs. Viriamu Jones for tickets to picture exhibitions; to Miss Elsie Fraser and Professor Ker for Zoological Gardens' tickets, and to the latter for college entertainment tickets also; to Mrs. Fawcett for Suffrage meeting tickets; to Mrs. Eve and Miss Smith for concert tickets; and to Miss Aston for a series of Royal Institution tickets.

A branch of the Folk Lore Society continues to flourish in the Hall; and a rifle club is in course of formation.

Upon the retirement of Miss Gradwell, who has audited the Hall accounts for thirteen years, the Council elected as auditors Messrs. Price, Waterhouse & Co. The audited accounts are appended to this report. There is a deficit in the Maintenance Account of £45 6s. 6½d., as compared with a surplus of £75 7s. 8d. in the previous year. This is due to some exceptional expenditure in house repairs, and a type-writer, and also to the general rise in the cost of living.

The Site and Building Fund Committee will present a Report and Statement of Account. From the Statement of Account it will be seen that the members and friends of the Hall have subscribed for the purchase of the site the sum of £2,740 7s., that interest on the deposit of these subscriptions has produced £25 9s. 3d., that in respect of the Rosa Morison Bequest a sum of £6,896 3s. 10d. has been received up to the 5th November. These sums were insufficient to complete the purchase of the leasehold from the Coward Trustees and the

purchase of the freehold of the site from the Duke of Bedford. In order to complete these the Council transferred to the Site and Building Fund Committee the proceeds of the sale of the investments of the Endowment Fund, the net amount of which was £1,168 17s. 7d. The Council also transferred to the Site and Building Fund Committee £250 from the Rent Reserve Account and £250 from the Reserve Fund.

In the opinion of the Council the Endowment Fund and the Rent Reserve Fund may properly be utilised as part of the purchase fund of the leasehold and freehold. The Council prefer, however, that the members of the Hall should have an opportunity of expressing their views on the matter; they are therefore submitting a resolution in connection therewith to them.

In order to complete the payments incidental to the purchase of the leasehold and the freehold, including all legal expenses, a sum of about £250 is still needed.

The estimated cost of the building is about £19,000, which still remains to be provided before the purchase and re-building scheme can be completely carried out. The matter is urgent. Every year the demand for residence grows. Every year the accommodation afforded by College Hall becomes proportionately more inadequate. It is a known fact that, apart from their loss in being debarred from the advantages of corporate collegiate life, numbers of students still fail to secure even good board and lodging. It rests with those who believe in education to put the chance of suitable surroundings, both for mind and for body, within the reach of every woman student of those schools of the University to which College Hall is attached.

REPORT OF THE BUNGALOW.

The upkeep of the Bungalow has been provided during the year by £10 out of a grant of £13 3s. from the Crabb Robinson Trustees, and by the following kind donations: £5 from Miss Brodrick, £10 from Mr. Francis, and £10 from the Old Students' Association. Nearly every week-end during

FELLOWSHIPS AND SCHOLARSHIPS.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.

REPORT OF THE AUDITORS TO THE MEMBERS OF THE COLLEGE HALL, LONDON.

We report that we have examined the Accounts and Balance Sheet, dated 30th September, 1913, and have received all the information and explanations we have required. With the exception of one or two minor alterations the accounts have been drawn up on the same lines as in previous years. No provision is made for outstanding liabilities and no value is placed on such assets as furniture and stores. The investments are included at cost, which is considerably in excess of their present market value. The transactions of the "Site and Building Fund" in respect of the acquisition of the freehold of the Hall are not included in the accounts, but we have audited an account of the cash transactions of the Fund to the 5th November, 1913.

Subject to the above remarks, we are of opinion that such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hall's affairs, according to the best of our information and the explanations given to us and as shown by the books of the Hall.

THIRTY-SECOND ANNUAL REPORT.

(SEPTEMBER 30TH, 1913—SEPTEMBER 30TH, 1914.)

College Hall, University of London.

*Presented to the Annual Meeting,
December 7th, 1914.*

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

GENERAL REPORT OF THE COUNCIL

SESSION 1913-14.

DURING the Session 1913-14, forty-four students resided in College Hall, of whom twenty-seven were in residence the entire Session. Thirty-five were taking Degree courses in Arts, Science, or Medicine, or the full three years' course in Fine Art. Of the twenty-six students attending University College, twenty-one were in the Faculty of Arts (of whom twelve were at the Slade School), and five in the Faculty of Science. Fourteen were students at the London Royal Free Hospital School of Medicine for Women.

During the Session thirty-five visitors stayed at the Hall, of whom twelve were old students, twenty-one were friends of the staff, or of present students, and two were foreign students.

The health of the Hall has been good.

The following successes may be recorded in the year's work. Miss Du Boulay obtained the B.Sc. degree with 2nd Class Honours in Chemistry. Miss Chatt passed the Intermediate Examination in Science.

Miss Furby gained the Rothschild French Prize. Miss Kohn was again placed first in the Higher Senior German Class and was qualified for the Prize; but, as she had gained it in 1912-13, she could not receive it a second time. In the Slade School Miss Humphries gained the Figure Composition

Prize; Miss Somerscales Second Prize for Figure Painting and for Painting from the Cast; Miss Callaway the Third Prize for Figure Painting. Certificates in Painting were awarded to Miss Pease and Miss Somerscales; and in Perspective to Miss M. While.

In Medicine, Miss M. Lloyd passed the M.B.B.S. Examination. Miss Church, Miss Daintree, Miss A. Lloyd, Miss R. Lloyd, and Miss Norton completed Part 2 of the Second Medical Examination, Miss Gilford and Miss Glynne passed in Part 1 of the Second Medical Examination, Miss Maxwell in the First Medical Examination. Miss O. Ramsay obtained the B.Sc. degree with 2nd Class Honours in Physiology.

In July, Miss K. Parker, B.Sc., having been appointed Assistant in Zoology at University College, left the Hall. Her successor in the Pfeiffer Fellowship is Miss Elsie Hitchcock, a Graduate of University College who is engaged in research work in English. The Pfeiffer Scholarship for the present Session was awarded for the second time to Miss Eryl Glynne, who is working for the M.B.B.S. degree.

A Bursary of £17 was granted to Miss E. Chatt and one of £10 to Miss Edwards, from the interest on the Eleanor Grove Memorial Fund.

The Bungalow continues to be a valued addition to the life of the Hall. During the year its income has been provided by the following kind donations: £5 from Miss Brodrick, £10 from Mr. Francis, £1 from Miss Martin, and £10 from the Old Students' Association. The Crabb Robinson Trustees have kindly renewed their grant of £10, at a recent meeting. Throughout its season, from the beginning of February to the end of November, the Bungalow has been occupied at week-ends, and for both vacations it has been let to students and their friends. Mrs. Ward continues her useful services as caretaker. The Council is not responsible for the finances of the Bungalow. A statement of Accounts is appended for the information of Members of the Hall.

The Rifle Club, referred to in the last Report as in process of formation, was successfully started last November by Mrs. Alton and Miss Tomlinson. Several members have become excellent shots. Silver spoons, kindly presented by Mrs. Alton and Mr. Cator, for the best aggregate of six targets, were won by Miss Norton and Miss Murphy. Some generous donations to the funds have been made by several members of Council and by the Old Students' Association. Gratitude must be expressed to Mrs. Alton for her continuous interest in the Club.

Thanks are again due to Miss Ashton for frequent gifts of tickets for Meetings of the Royal Institution, to Mrs. Eve for numerous concert tickets, to Miss E. A. Fraser and to Lady Lockyer for tickets for the Zoological Gardens, all of which are particularly appreciated by the students. Occasional tickets for concerts, lectures, and meetings, have also been kindly sent by Lady Lockyer, Miss Leigh Browne, Mrs. Viriamu Jones, Mrs. Colman, the Provost, and Professor Ker. Lady Lockyer has twice sent flowers from her Sidmouth garden, which have been much enjoyed. The Library has received with thanks several volumes of the Hope Reports from Sir Norman Lockyer and a number of medical books from Dr. Forsyth and Miss Martin. About a dozen new books, specially asked for by the students, have been added from the Library Fund. The subscription to Mudie's Library (£3 3s.) has been renewed by the kindness of the Crabb Robinson Trustees. Lady Wright has again kindly sent copies of Mill's Subjection of Women for the new students, and Suffragist literature for the Common Room.

The amalgamation of the firm of Messrs. Robarts, Lubbock and Co. with that of Messrs. Coutts removes familiar names from the Report of the Hall, whose Bankers from henceforth appear as Messrs. Coutts and Co.

During the Session an Art Exhibition was held by the Slade Students for two days in the Common Room, the pro-

ceeds of which were handed over to the Royal Free Hospital. A lecture on Indian Music, with illustrations, was given at the Students' Party in the Spring Term by Mrs. W. Mann (Miss Maud MacCarthy), whose performance was greatly admired.

At the General Meeting in December, the Members of the Hall, in pursuance of two recommendations of the Council, decided to utilise the securities forming the College Hall Endowment Fund and place the proceeds towards the purchase of the Hall. They also decided to utilise £250 of the Rent Reserve Account for the same purpose. The purchase of the site and the expenses in connection therewith have thus been entirely provided for. It will be seen from Account No. VII. that there is a balance in hand of £199 4s. 9d., which includes the fourth instalment of the Rosa Morison Bequest, £146 17s. 3d. The raising of the sum necessary for the rebuilding of the Hall, the cost of which is estimated at £19,000, still remains to be achieved.

On the Maintenance Account there is an adverse balance of £110 12s. 10d. This will be provided for out of the Reserve Account. The adverse balance is in part due to the steady rise in prices during the past year, and in part to the remittance of fees amounting to nearly £80. An effort will be made to redress this balance in the current year, but it will be all the more difficult in view of the general depressing influence of the War.

The Balance Sheet includes for the first time the Assets and Liabilities of the Hall in respect of the newly-acquired site and shows completely the financial position.

The Council has to report with much regret the death of Mr. H. J. Wilson, formerly M.P. for the Holmfirth division of Yorkshire, a Member and a generous friend of the Hall.

FELLOWSHIPS AND SCHOLARSHIPS.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.

REPORT OF THE AUDITORS TO THE MEMBERS OF THE COLLEGE HALL, LONDON.

We report that we have examined the Accounts and Balance Sheet, dated 30th September, 1914, and have received all the information and explanations we have required.

With the exception of one or two minor alterations the Accounts have been drawn up on the same lines as in previous years.

No value is placed upon furniture as an Asset. Stores and coal, on the other hand, have been shown as Assets for the first time.

The transactions of "Site and Building Fund" in respect of the acquisition of the freehold of the Hall are now included in the Accounts, and we have audited an account of the cash transactions of the Fund to the 30th September, 1914.

Subject to the above remarks, we are of opinion that such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hall's affairs, according to the best of our information and the explanations given to us and as shown by the books of the Hall.

THIRTY-THIRD ANNUAL REPORT.

(SEPTEMBER 30TH, 1914—SEPTEMBER 30TH, 1915.)

College Hall, University of London.

Presented to the Annual Meeting,

December 10th, 1915.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

GENERAL REPORT OF THE COUNCIL

SESSION 1914-1915.

THIRTY-FIVE students resided at College Hall during the Session 1914-15, of whom twenty-one were in residence throughout the year. Twenty-eight were taking Degree courses in Arts, Science, Economics, or Medicine, or the full course of three years in Fine Art. There were also six students attending the Slade School for shorter periods. One student, taking two terms' lectures in special subjects, divided her time between University and King's Colleges. Altogether twenty students belonged to University College; nineteen of these were in the Faculty of Arts (of whom nine were at the Slade School) and one in the Faculty of Science. Only one student was reading for the Degree at the School of Economics. There were fourteen students at the London (Royal Free Hospital) School of Medicine for Women. Among those who were in residence for less than the whole Session, one was taking a course in Hindi in preparation for Missionary work in India; another was reading for the M.A. degree in German; a third was writing a thesis for the D.Sc. degree in Psychology.

Forty-three visitors stayed at the Hall during the Session, of whom fourteen were old Students, and nearly all the rest were friends of the present staff or students. One or two came to take London Examinations.

The following successes have marked the year's work: Four students obtained the B.A. degree; Miss Kohn (Honours in English and German, 2nd Class); Miss Forsyth (Honours in French and English, 3rd Class); Miss E. While (Honours in English and German, 3rd Class); Miss Steward (Honours in Mathematics, 3rd Class).

Miss M. Axford and Miss E. Lloyd passed the Intermediate Arts Examination: Miss Barker, who entered in the third term, the External Intermediate Arts Examination. Miss E. Lloyd was elected to the Andrews Scholarship in Languages and History for students of one year's standing.

In the Slade School Miss Alice Davies won the Melvill Nettleship Prize for Figure Composition, the third Slade Prize for Figure Painting, and the First Prize for Figure Drawing. Miss Carrick gained the Fine Art Anatomy Prize. Certificates in Perspective were awarded to Miss Davies and Miss Carrick, and in Painting to Miss Davies.

In Medicine Miss Church passed Part 1 of the Conjoint Board Final Examination, and Miss Glynne Part 2 of the Second Medical.

In July the holders of the Pfeiffer Fellowship and Scholarship, Miss E. Hitchcock and Miss Eryl Glynne, were both re-elected for the Session 1915-1916. Bursaries of £12 from a surplus in the Pfeiffer income, and from the interest on the Eleanor Grove Memorial Fund, were granted to Miss D. Symons and Miss M. Axford, and one of £6 to Miss Hack. Miss Hack has received a silver medal for success in French in the Entente Cordiale Concours Spécial and a 1st Prize in the Concours des Universités from the French Chamber of Commerce.

In June Miss Tomlinson, who has acted as Assistant to the Principal since February, 1913, resigned her office in order to take up other work. She and two friends (one of whom, Miss Ducker, is a former Senior Student of the Hall) have started a Convalescent Home at Speldhurst, near Tunbridge Wells. Miss Tomlinson, who has taken with her warm wishes for prosperity in her new work, is much missed at the Hall. On the resignation of Miss Tomlinson, the organisation at the Hall was modified, the office of Assistant to the Principal being replaced by that of Lady Housekeeper. Lady Turner, who had been head of the domestic side of the School of

Medicine for Women, was appointed by the Council as Lady Housekeeper. She began her duties in June last and has thrown herself with energy into the affairs of the Hall.

The Council desire to record their thanks to Lady Lockyer and to Miss Ashton for a series of Royal Institution tickets, which are always appreciated; to Mrs. Colman for occasional Concert tickets, for the loan of a bureau, and for most welcome personal help at the beginning of Term; to Lady Lockyer and Miss E. A. Fraser for tickets to the Zoological Gardens; to Lady Lockyer for flowers from her Sidmouth garden; to Miss Leigh Browne for presenting the library with a life of Mrs. Norton; to Professor Ker for a copy of Beowulf and some excellent salmon; and to Lady Turner for a book on Ancient Handwritings.

The Crabb Robinson Trustees renewed their grant of £3 3s. for the purpose of a subscription to Mudie's Library, thereby adding to the amenities of the Hall.

The Rifle Club, which owed so much to Miss Tomlinson's energetic interest and skill in shooting, has gained some new members and continues an active existence under the management of Miss Da'intree. A silver cup, a trophy presented by the generosity of the Old Students' Association, now graces the dining room sideboard.

The most important benefaction of the year is a bronze replica of the white marble medallion, now at University College, of the late Miss Rosa Morison. This was presented to the Hall by the Rosa Morison Memorial Committee on Tuesday, May 11th, 1915. The bronze is a portrait medallion by Professor Harvard Thomas; it bears the following inscription:—

ROSA MORISON MDCCCXLI — MCMXII
VICE-PRINCIPAL MDCCCLXXXII—MCM AND
BENEFACTOR OF COLLEGE HALL. A
TRIBUTE TO HER MEMORY AND HER
WORK. MCMXIV

It has been fixed in the dining room. The Rosa Morison Memorial Committee presented at the same time a die for a Rosa Morison medal, together with a sum of £15 15s. to be invested so as to produce the sum necessary to provide a copy of the medal from time to time. The medal is to be awarded to the senior student under regulations approved by the Council.

The Council desire again to record their appreciation of the Bungalow at Flackwell Heath for the residents at the Hall. The funds for the Bungalow are not under the control of the Council, but are specially provided. It is, however, an important adjunct to College Hall. The Council deem it desirable to append a statement of the accounts. From that statement it will be seen that the Crabb Robinson Trustees made a grant of £10. Mr. Francis and the Old Students' Association each gave £10. The income at the disposal of the Bungalow Treasurer was fortunately larger than usual. The Treasurer was therefore enabled to continue to pay railway fares, although the cost of those fares has considerably increased.

The members of the Hall will see from the accounts appended to this report that the financial position is not altogether satisfactory. The maintenance account shows a deficit of £692 12s. 11d. It appears from the report of the auditors that the maintenance account of previous years has been in some respects one quarter in arrear. In order to adjust this matter, it was necessary to include five quarters in the present year's account, thereby increasing the deficit for the year 1914-15. The rest of the deficit is, in the main, due to two causes: the chief being that the Hall has not been full throughout the year; the second one being the increased cost of provisions and of living generally, due to the War.

The new position created by the War made it necessary to reconsider the scheme for rebuilding the Hall. It appeared to the Council that it was their duty to assume that the hope

of rebuilding at an early date must be abandoned, at all events until after the end of the War. This being so, it became essential that works and repairs, including the thorough overhauling of the sanitary system, which had been deferred because of the rebuilding scheme, should be taken in hand at once. After receiving a report from Professor Simpson on the condition of the structure, decoration and sanitary system of the Hall, the Council decided to carry out the works recommended by Professor Simpson; to make certain structural alterations for dividing two of the double rooms into four small rooms and for converting the Third hall into a students' room. The house has been painted inside and out. The hall, staircases, domestic offices, library, dining room, common room, and thirty of the students' rooms have been redecorated; electric light has been installed.

The total cost of these works is estimated at £845; this expenditure, as far as it is not provided for by special gifts, which the Council invite, will be carried to a suspense account, and a certain proportion of it charged to income in the next following years; the number of years has yet to be determined by the Council.

The works carried out during the Long Vacation were of an extensive character, and, owing to the difficulties of labour created by the War, were not quite completed by the beginning of the Session. Had it not been for the vigilant presence of Lady Turner throughout the Vacation, matters would certainly have been further delayed; and much is also due to the goodwill with which the household worked under her direction. The results have greatly added to the comfort and satisfaction of the students.

The Council are glad to be able to report that the Hall is now full and that there is a small waiting list.

There is little to report this year in regard to the Site and Building Fund. A donation of £10 from Mr. W. D. White has been received during the year, and the expenditure

amounts to £2 11s. The Council trusts that the members of the Hall will not be unmindful of this Fund and will use every effort on their part to increase it, so that the re-building scheme may not be indefinitely delayed.

The acquisition of the Site and the scheme for rebuilding were parts of a whole; in accordance with the spirit of that Scheme the rent charges that were payable before the site was acquired are still being made to the Maintenance Account. By building up a Rent Reserve Account the Council feel that they are acting in accordance with the intention that governed the scheme at the outset; moreover, when the time comes for re-building, it will be necessary to rent premises temporarily for the accommodation of the residents, in order that the continuous life of the Hall may be maintained.

The Council are at the present time carefully considering the organisation and administration of the Hall. They appeal to members to continue and to increase their support so that College Hall may be made a lasting memorial of its founders, who were pioneers in the work of higher education of women, and may continue to be a home of academic life and learning.

The Council regret to have to record the deaths of three members of the Hall: Mr. C. T. Martin, Sir Owen Roberts, and Mrs. Eve. Mr. Martin was at one time a member of Council; and Mrs. Eve, after resigning her membership, continued to the time of her death to take an active interest in the Hall. Students for several years past owe to her the enjoyment of many concerts for which she kindly sent tickets.

THIRTY-FOURTH ANNUAL REPORT.

(SEPTEMBER 30TH, 1915—AUGUST 31ST, 1916.)

College Hall, University of London

*Presented to the Annual Meeting,
January 22nd, 1917.*

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

GENERAL REPORT OF THE COUNCIL.

SESSION 1915-1916.

FORTY-SIX Students resided at College Hall during the Session 1915-1916, of whom thirty were in residence throughout the year.

Thirty-nine were taking Degree courses in Arts, Science, Economics, Medicine, or the full course of three years in Fine Art. Of the remaining seven, five were taking a shorter Slade Course. One student with an Indian Medical degree was reading for the Primary Fellowship Examination of the Royal College of Surgeons.

There were eighteen students at University College, seventeen of whom were in the Faculty of Arts (nine being at the Slade School), and one in the Faculty of Science. There was one member of the School of Economics. The majority of students (twenty-three) were at the London (Royal Free Hospital) School of Medicine for Women, and three were preparing for entrance thereto.

Twenty-three visitors stayed at the Hall during the Session, a smaller number than usual, but for the greater part of two terms, owing to the fulness of the house, the visitors' room was not available for guests. Of these, seven were old students and the rest friends of residents.

The following successes are to be recorded : Miss Jeffery Smith obtained the B.A. degree with Second Class Honours in French with Latin as subsidiary subject. Miss Hack obtained the B.A. degree with Second Class Honours in English with French as subsidiary subject. She was also awarded half the L.M. Rothschild prize, which is given

to a student of University College who has shown special proficiency in French Language and Literature, and is proceeding to a higher degree. The other half was awarded to Miss M. N. Tait, B.A., but, later, she resigned it, and the whole prize was awarded to Miss Hack. Miss E. M. Chatt obtained Third Class Honours in Chemistry in the B.Sc. Examination. During the past Session Miss Axford acted as Honorary Geography Demonstrator at University College. Miss E. Lloyd was for the second time awarded the Andrews Scholarship in History and Modern Languages on her year's work. Miss Phyllis Foster passed the Intermediate Science Examination and was awarded the Prize Certificate in the Junior Class in Pure Mathematics in the sessional Examination at University College. Miss Dowse passed the Intermediate Examination in Arts. Miss Watson has matriculated, and Miss Saegert has passed the preliminary Arts Examination.

Miss A. Lloyd has passed in Medicine and Midwifery of the Conjoint Board Final Examination, and Miss Griffiths was successful in a group (Pathology and Bacteriology) of the Final M.B. Wales. Miss Coutts, Miss Graham, Miss M. Michael, Miss Pratt, Miss Procter, and Miss Westwood passed the First Medical Examination. Miss Best, Miss Clarke, Miss Scrace, Miss Symons, and Miss Yeoman were successful in the First Conjoint Examination.

At the Slade School the following certificates were awarded: to Miss Fry in Drawing and Painting; to Miss Bradford in Modelling; to Miss Carrick in Drawing and Ornamental Design.

Two students have left this Session to take up War work; Miss Armstrong is teaching in the Preparatory School for Wellington College; Miss Bagnell is intending to help in a Canteen in Paris. A number of students spent part of the Vacation in doing farm work.

The health of the students has left nothing to be desired this year.

The Pfeiffer Fellow, Miss E. Hitchcock, was re-elected in July for two terms of the coming Session, in order that she may finish her English research work. The Council were of opinion that none of the applicants for the Pfeiffer Scholarship this year came up to the required standard: the Scholarship has consequently not been awarded.

The hopes that were entertained with regard to the result of the appointment of Lady Turner as Lady Housekeeper were not realised. Very shortly after her appointment, Lady Turner became ill, and the health of her son gave her some anxiety. Her illness was prolonged, and she ultimately resigned her office at the end of the session. During her absence, Miss Weld most kindly stepped into the breach, and the Council desire to recognise the help that she gave under very difficult circumstances.

The difficulties of the Hall were further increased at the opening of the session by the illness of the Principal, Miss Hollings. Miss Hollings subsequently resigned her position as from the end of the session. It was necessary, therefore, for the Council again to take into careful consideration the best form of administration for the Hall. They appointed Miss Thyra B. Alleyne, M. Litt. (Durham) to be Principal. Miss Alleyne had been for the previous six years Principal of Langdale Hall, Manchester. Her success in her work at Manchester made the Council confident that their selection was a right one. The Council decided to appoint a Bursar as a second officer, and they secured the services of Miss Stella H. Pruen, who had been trained at the Gloucester School of Domestic Science, and King's College, London.

The Council desire to record their thanks to Miss Aston, Mrs. Viriamu Jones, and Professor Ker for lecture or entertainment tickets; to Lady Lockyer, Miss E. A. Fraser, and Mr. G. B. Francis, for a number of tickets for the Zoological Gardens, or for the Royal Botanical Gardens; to Lady Lockyer for flowers; to Professor Ker for a second fine gift of salmon; to Miss Leigh Browne for a copy of one of the

portraits on the mummies of Hawara discovered in 1911, by Professor Flinders Petrie. It represents Hermione the Grammatike, or teacher of the classics. This is the only instance known of a mummy of a woman teacher. The original now appropriately rests in the library of Girton College.

The subscription to Mudie's Library has again been renewed with a grant of three guineas from the Crabb Robinson Trustees.

The Rifle Club attracted some new members at the beginning of the Session. They are divided, with the view of equalising them as much as possible in weekly competitions, into Classes A. and B. Miss Daintree continues to act as Captain. A new comer, Miss Procter, carried off the Old Students' Cup.

The Byng Choral Society met again this year in the Spring and Summer Terms, and in June gave the residents a performance, mainly unaccompanied, of two, three, and four part songs. Miss Dorothy Stobart, an accomplished singer, and Miss Lock, by her violin playing, contributed greatly to the success of the evening.

The Bungalow has found a number of adherents among the new residents. Owing to the large proportion of "Freshers" in College Hall last Autumn, it was thought well to introduce a number of them together to Flackwell Heath on a Saturday in October. There have been visitors in both Vacations, and for most of the week-ends. The Bungalow is valued as a holiday home by students from beyond the seas. The usual statement of accounts is added to this report. The Crabb Robinson Trustees, the Old Students' Association, and Mr. C. B. Francis have again kindly given £10 each, and Miss M. Brodrick £5 towards its upkeep.

The Council submit with this Report the Audited

Accounts. The members will note that the financial year has been changed so as to end on the 31st August.

The Council regret that there is again a large deficit, amounting in all to £482 4s. 8d., thus increasing the cash liabilities of the Hall to £878 3s. 8d. There is also a sum of £296 13s. 10d. that has been borrowed from Reserve Account. Members are asked to assist the Hall in reducing this debt as soon as possible.

The deficit on the Maintenance Account is due in the main to the increased cost of everything. It is due in some measure perhaps to the circumstances referred to above in regard to the administrative staff. In order to meet the increased cost of living, the Council have instituted a War Tax of £3 a term for every student in the Hall.

No change in the amount of the Site and Building Fund has taken place this year; all small amounts in hand have been transferred for the time being to Deposit Account.

The Council deeply regret to have to record the death of Professor Sir William Ramsay, K.C.B., F.R.S. Sir William Ramsay was an Honorary member of the Hall from 1889 to 1916, and a member of the Council from 1890 to 1903; his connection with the Institution was greatly valued. He always took an interest in the education of women and did his utmost to promote it. The Council are glad to note that a movement is on foot for the raising of a Memorial to Sir William Ramsay. The procedure of the Memorial Committee has not yet been fixed, but they trust that it may be possible for the members of College Hall to subscribe as a body to the memory of this great chemical scientist.

THIRTY-FIFTH ANNUAL REPORT.

(SEPTEMBER 1ST, 1916—AUGUST 31ST, 1917.)

College Hall, University of London.

Presented to the Annual Meeting

December 17th, 1917.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

COLLEGE HALL, LONDON.

(UNIVERSITY OF LONDON.)

THE THIRTY-SECOND GENERAL MEETING OF MEMBERS was held at the Hall on Monday, December 17th, 1917, when the Chair was taken by Sir Gregory Foster, B.A., Ph.D., Provost of University College, London.

There were eleven members present.

- I. The Minutes of the Thirty-first General Meeting on January 22nd, 1917, were read and signed.
- II. The Annual Report hereto appended was presented by the Chairman, and approved.
- III. The Annual Balance Sheet hereto appended was presented by the Hon. Acting Treasurer, Lady Lockyer, and approved.
- IV. The following were re-elected Members of the Council:—

MISS BOILEAU, M.B., B.S.	LADY LOCKYER.
MRS. COLMAN, M.D.	MISS MARSHALL, B.Sc.
MISS FRASER, D.Sc.	MRS. CARRINGTON WILDE.
PROFESSOR KER, M.A., LL.D., F.B.A.	MISS CULLIS, D.Sc.

The following Representatives were re-elected in accordance with No. 20 of the Bye-laws adopted by the Council in 1916:—

Of the Senate of the University of London: Professor F. W. Andrewes, M.D., B.Ch., M.A., F.R.C.P., M.R.C.S., D.Ph., F.R.S.

Of the Committee of the University of London, University College: Sir Gregory Foster, B.A., Ph.D., Provost of University College.

Of the Council of the London School of Medicine for Women: Miss L. M. Brooks (Warden of the London School of Medicine for Women).

Of the Council of the London School of Economics: Miss M. Buer, B.Sc. (Econ.).

- V. The Honorary Treasurer, Lord Avebury, was re-elected.
- VI. The following resolution was proposed by Lady Lockyer, and seconded by the Chairman, and adopted:—

“That this Meeting of Members of College Hall approves the proposal of the Council that the Members of the Hall and the Past and Present Residents should subscribe collectively to the Ramsay Memorial Fund, and will use its best endeavours to give effect to it.”

GENERAL REPORT OF THE COUNCIL.

SESSION, 1916—1917.

THE Hall was full throughout the Session, and in order to meet the large demand the guest-room was also used as a student's study during the first two terms. Thirty students were in residence during the whole, and an additional seventeen for some part of the Session.

Fifteen students were at University College, of whom fourteen were in the Faculty of Arts, including nine at the Slade School, and one in the Faculty of Science; one at the London School of Economics; twenty-five at the London School of Medicine for Women, and one each at the Charing Cross and King's College Hospital Medical Schools.

The list of the students, with the examination results for the Session, will be found on pages 13, 14.

About forty guests—Old Students or relatives or friends of the residents—stayed at the Hall during the year.

The health of the students was very good.

Miss Ethel Lloyd was elected Senior Student.

Miss Daintree continued to act as Fire Captain till her departure from the Hall in May, when she was succeeded by Miss Clarke.

The following posts held by students who have recently qualified may be mentioned:—

Miss Nan Lloyd acted as House Surgeon at the Great Northern Hospital, and at the Charing Cross Hospital for short periods, and in September joined a French Red Cross Unit sent out by the Government of New Zealand to care for the civilian population on the frontiers of France and Switzerland with headquarters at Etrembrères.

Miss Daintree filled the post of House Physician to the South London Hospital, Clapham Common, for three months, and Casualty Officer at the Queen's Hospital, South Hackney, and is now acting as *locum tenens* for a general practitioner at Eastbourne.

Miss Carrick completed the three years' course at the Slade School of Fine Art, and has been appointed Art Mistress at the Lady Manners School, Bakewell.

The tenure of the Pfeiffer Fellowship was extended for two terms to Miss Elsie Hitchcock, B.A. (originally elected 1914-15) to enable her to continue her research work. This consists of an edition of the unique manuscripts of Reginald Pecock's *Donet* and *Folewer*, and the collation of the *Donet* with the *Poore Mennis Myrrour*. The edition has been accepted by Professor Gollancz, M.A., D.Lit., for publication in the *Early English Text Society's* series: it will appear as soon as the present difficulties in regard to printing and paper are removed. Miss Hitchcock's residence at the Hall ended at Easter; she is now acting as an assistant in the Library at University College.

There was no candidate eligible for the Fellowship for the Session 1917-18; the accumulated balance in the fund from the previous Session enabled the Council to make three additional grants in the form of Bursaries.

The awards were as follows:—

SCHOLARSHIP.

Miss Cassie Pratt, Third Year Student, London School of Medicine for Women; Gold Medallist, North Staffs. Hospital, 1914.

BURSARIES.

Miss Muriel Lough, B.Sc., Third Year Student, London School of Medicine for Women.

Miss Dorothea Symons, Third Year Student, London School of Medicine for Women; Senior Student, 1917.

Miss Mary Gill-Mark, Second Year Student, Slade School of Fine Art.

A Library Committee has been appointed, with the Principal as Chairman (*ex-officio*); two members elected by the Council and three by the students in residence. The first committee consisted of Miss Cullis, D.Sc., Miss Fraser, D.Sc., Miss Lloyd (University College and Senior Student), Miss Graham (School of Medicine), and Miss Carrick (University College, Slade School). The Principal is Librarian, assisted by two student members of the Committee.

It was decided to spend £40 of the balance of £51 in the Library Fund on books immediately, and about 120 volumes were added to the Library. The £10 allocated to the Medical Section has still to be expended. The list of gifts to the Library will be found on page 15.

The Council desire to take this opportunity of expressing their grateful thanks for the various gifts received during the year; also to the annual subscribers for their continued support.

A list of the gifts and subscriptions will be found on page 15.

The Bungalow at Flackwell Heath was in full use up to the end of March, when the lease was terminated. This step was taken with regret, but it was rendered necessary for patriotic as well as economic reasons when the railway travelling restrictions came into force. Part of the balance in hand, including gifts from Miss Brodrick and from the Crabb Robinson Trustees, was used for making allowances, not exceeding 7s. 6d. to any one student, towards the expenses of a week-end holiday in the country during the Summer Term. A further donation was received from the College Hall Old Students' Association, so that this arrangement can be continued for the Autumn Term in the current Session. Twenty-one students availed themselves of this during the Summer Term, and appreciated it greatly.

A separate Principal's Bungalow Account was opened at the beginning of the Session, and the statement of accounts is now included for the first time in the Hall balance-sheet. The greater part of the balance in hand has now been put on deposit until happier times, when it is hoped that another country cottage may be found, to revive what has proved such a delightful and wholesome side of life at the Hall.

The Byng Rifle Club is perforce in abeyance, as the rifles and ammunition, as well as the sergeant and hall of the Marylebone Rifle Club, were required for the training of recruits; but the silver cup adorning the side-board serves as a pleasant reminder of its inauguration.

During the vacations many of the students were engaged in various War activities. Red Cross work in V.A.D. Hospitals or War Supply Depôts; farming, fruit-picking, gathering in the harvest, pulling flax for aeroplane wings. Several students have helped regularly on Sunday evenings throughout the Session at the Shakespeare Hut Canteen. A student conducted a gymnastic class for boys at the Passmore Edwards' Settlement.

Miss Secker (Slade) left the Hall in March to join the Women's Auxiliary Army Corps, and is now serving in France after a time of probation at St. Ermin's. Miss Pyne (Slade) is working on the land.

The Hallow E'en Party has been revived with great success.

The College Hall Old Students' Association held a reunion in the Hall in December, to which all present students were invited, who far outnumbered their hostesses in these busy days.

This Association now numbers 121 members. Its original object was to keep past students in touch with one another, but the occasional meetings, which are always held at the Hall, serve as a link with the present students also. It is much hoped that all students will join this Association on leaving the Hall. The subscription is 2s. per annum, or £1 10s. for life. The members are entitled to the use of the College Hall Library (as a reference library only), to have any meal at the Hall at a charge of 1s., and to stay at the Hall, when the Guest-Room is available, at the reduced fee of 6s. per night. The Association also administers the funds of the Grove-Morison Bequests to the C.H.O.S.A., the income from which has been applied from time to time for the benefit of the members and for individual present students in need of financial assistance.

It should also be recorded that the beautiful furniture in the Visitors' Room is the property of the Association, having been bequeathed to it by Miss Grove and Miss Morison. It is lent for the use of the Hall for the present.

The revised Articles of Association and the revised Bye-Laws adopted by the Members of the Hall in July, 1916, have now been in operation for a full Session. They have worked to the advantage of the Hall. The Senate of the University of London, the Committee of University College, London, the Council of the London School of Medicine for Women, and the Council of the London School of Economics, availed themselves of the power given under Bye-Law 20 of each nominating a candidate to serve on the Council for the following year. The candidates thus nominated were:

Professor F. W. Andrewes, M.D., B.Ch., M.A.,
F.R.C.P., M.R.C.S., D.Ph., F.R.S.

Sir Gregory Foster, B.A., Ph.D.

Miss L. M. Brooks.

Miss M. C. Buer, B.Sc. (Econ.).

They were elected members of the Council at the Annual General Meeting on January 22nd, 1917.

The Roll of the Past Students has been created, in

accordance with the new requirements of the Constitution. Those whose names are on the Roll have the privilege of electing the Past Students' representative on the Council. There are now twenty-eight names on the Roll, of whom five are life members and two annual members of the Hall under the new Bye-Laws. It is hoped that qualified students, as they leave the Hall, will place their names on the Roll regularly. The registration fee is 2s. 6d. The names of the past students on the Roll will be found on page 5.

The Council submit with this report the audited accounts for the financial year, September 1st, 1916, to August 31st, 1917.

The Hall has been managed with the utmost economy consistent with efficiency, and owing to the efforts of the Finance Committee and the able administration of the Principal and the Bursar, the result of the year's working is to show a credit balance of £172 17s. This reduces the liabilities of the Income and Expenditure Account of the Hall to £705 6s. 8d. The Balance Sheet shows the general financial position: in view of the liabilities set out therein and of those incurred last year in improving the Hall and renewing its equipment, it is desirable that any surplus that may accrue in the Income and Expenditure Account may be available for reducing these liabilities. Members can best help the Hall financially by assisting to reduce the debt of £705 6s. 8d.

The furniture and fittings of the Hall have been valued. The Council have utilised this valuation for the revision of the insurance policies, and, in accordance with the advice of the Auditors, they have for the first time introduced into the Balance Sheet the value of the furniture, less 25 per cent. This makes the financial record as complete as possible.

No change in the amount of the Site and Building Fund has taken place this year. All small amounts in hand have been transferred for the time being to the Deposit Account.

The Council deeply regret to have to record the death of Lady Reay. She had been associated for many years with her husband, the Rt. Hon. Lord Reay, in educational work, particularly in that of University College, and her loss to education is a very real one.

The Committee charged with raising a Memorial to

Sir William Ramsay has issued a scheme for the Foundation of William Ramsay Memorial Fellowships and of a William Ramsay Memorial Laboratory of Chemical Engineering in connection with University College, London. Up to the present date the Committee has succeeded in raising £24,193 13s. 6d. Members of the Hall are invited to subscribe to the Ramsay Memorial Fund as a body, so as to mark their appreciation of Sir William Ramsay's services to the Hall. Subscriptions for the Ramsay Memorial should be sent direct to Lady Lockyer, who will forward the whole sum from the Hall to the Treasurers of the Memorial Fund.

The Council are proud to conclude their present Report with a reference to the honour of knighthood, which the King has been pleased to confer upon the Chairman. They point out with gratitude that among the many services which Sir Gregory Foster has rendered to the cause of education and progress may be counted his unceasing efforts for the welfare of the College for a period of sixteen years.

Since 1905 the Council has claimed and has never failed to receive advice and assistance from him on the many questions which have arisen in the administration of College Hall. His unfailing help, his kindness and courtesy demand the expression of their deepest gratitude, which they take this opportunity of tendering to him, and they hope that in the future as in the past they may rely upon him to guide their actions.

The list of work done and appointments held by Past Students of College Hall is omitted this year as a war economy.

The Principal will be glad to receive particulars from any Past Students that will enable her to bring a new issue up to date.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.

College Hall, University of London.

December 16th, 1918.

It is proposed to revive the "May Party" which was held in former years at College Hall

The date has been fixed for Saturday afternoon, May 10th.

Invitations with further particulars will be sent out later to all Members of the Hall.

The Hall and Annexe will be on view.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

VI. The following were elected Honorary Members of the Hall :—

MISS MARGARET FRASER, M.B., B.S.

MISS WINIFRED CULLIS, D.Sc.

LADY RAMSAY.

- VII. The Honorary Treasurer, Lord Avebury, was re-elected.

COLLEGE HALL, BYNG PLACE.

REPORT TO THE COUNCIL,

1917-18.

THE Hall was full during the whole session: the unsettled state of the times caused an unusual number of changes, only twenty-nine out of fifty Students being in residence throughout the three terms. Several Students had to withdraw because their health was affected by the air-raids, during the earlier part of the Session, others left to take up War work, or for reasons connected with the War.

Seventeen Students were at University College, of whom eleven were at the Slade School, thirty at the London School of Medicine for Women, two at the Charing Cross Hospital Medical School and one at the School of Economics. The list of the Students, with the examination results, will be found on pages 12-14.

Fifty guests stayed at the Hall for short periods.

Miss Dorothea Symons was elected Senior Student: the first award of the Rosa Morison Memorial Medal was made to her. This Medal was founded in memory of Rosa Morison, Vice-Principal of the Hall from 1882 to 1900. It is to be awarded from time to time by the Council to the Senior Student of the Hall, who has held that position for not less than three terms, and who is adjudged by the Council to have fulfilled her duties as Senior Student in a way that has been specially beneficial to the College Hall community. The presentation was made to Miss Symons by the Chairman, Sir Gregory Foster, on behalf of the Council, on June 17th, before Members of the Council and the assembled Students in the Common Room. Lady Lockyer and Sir Gregory Foster gave some personal recollections of Miss Morison and her work for the Hall and for Women Students; they congratulated Miss Symons on being the first holder of the Medal.

The Medal was designed by Professor Havard Thomas, and bears on the obverse a miniature replica of his portrait medallion of Miss Morison, and on the reverse the College

Hall crest of lamp and open book and the motto *sapere aude* with the date and the name of the Senior Student to whom it is awarded. The formal ceremony was followed by an informal supper and concert arranged by the Students in Miss Symons' honour, at which some Members of the Council were also present.

The Pfeiffer Fellowship was not awarded; the Pfeiffer Scholarship, with a special bursary, was renewed to Miss Muriel Lough, B.A., fourth year Student at the London School of Medicine for Women; and bursaries were awarded for the Session 1918-19 to Miss Cassie Pratt (School of Medicine) and Miss Mary Gill-Mark (Slade School).

The Library Committee has done much to improve the Library; many new books have been added to each section of the Library. The Crabb Robinson Trustees renewed their grant of £3 3s. for the Students' Mudie Subscription, and made an additional grant of £9 9s. for the renovation of the Broadwood piano in the Common Room.

The Council desire to take this opportunity of expressing their thanks for the gifts received during the year, and also to the annual subscribers for their continued support. A list of the gifts and subscriptions will be found on page 15.

Allowances for country week-ends were made to Students from the Bungalow Fund during the Autumn Term, 1917; the balance is now on deposit, including a donation of £5 from Miss Brodrick.

The College Hall Old Students' Association held their business meeting at the Hall on January 26th, followed by a Social Gathering, to which all present Students were invited. Mrs. Jan Gordon gave an account of her adventures in Serbia illustrated by lantern slides.

On the same day, the election of the Past Students' Representative on the Council took place; Miss M. C. Bell, M.B., B.S., being duly elected. There are now thirty-one names on the Roll of Past Students (see p. 6). It is hoped that more Past Students, who resided not less than two sessions at the Hall, will put their names on the Roll, as well as those leaving in the future. The Registration Fee is 2s. 6d.

The members of the Hall and Past and Present Students were invited to make a special contribution to the Ramsay Memorial Fund: the sum of £41 16s. 2d. was subscribed and forwarded to the Treasurer of the Central Fund.

The applications for admission to the Hall were so numerous that the Council, after very careful consideration, decided that it was desirable to extend the Hall. They acquired for this purpose the remainder of the lease expiring

Lady Day, 1923, of No. 7, Gordon Place. This house is being worked as an Annexe to the Hall, under the Control of the Council, and under the direction of the Principal. Accommodation for 14-17 Students has been provided, making the total provision of College Hall 54-57 rooms for Students.

For the purchase of the lease, alterations, redecoration and equipment of the house in Gordon Place, a sum of about £800 will be borrowed from the Bankers. Arrangements have been made for the institution of a Sinking Fund which will liquidate this debt in the course of about five years.

The expenditure on furniture for the Annexe was much reduced owing to the kindness of Mrs. Carrington Wilde and Miss Buer, both of whom have lent furniture for indefinite periods.

The Council desire to express their appreciation of the zeal and success with which the arrangements for the Annexe were carried out by the Principal and the Bursar. The work of the Hall has been most satisfactorily carried on ever since the appointment of Miss Alleyne and Miss Pruen. The Council much regret that the latter finds herself obliged to resign her office of Bursar.

The Audited Accounts together with the Auditor's Report are appended hereto. By drawing on the Rent Reserve Account to the extent of £325 it has been possible to meet the expenses of maintenance during the past year, and to close the Income and Expenditure Account with a surplus of £90 4s. Against this, however, there was a debt to the Bankers of £201 14s. and a loan from the Site and Building Fund of £200. These two sums, together with the debt to the Rent Reserve Account of £1,124 10s. 2d., constitute debts upon the Hall which it is desirable to clear off at the earliest possible date. Members of the Hall are invited to do what they can to this end.

The Council are satisfied that every economy consistent with efficiency has been exercised. A careful watch of the finance is kept by the Council with the help of the Finance Committee, of which Lady Lockyer is Chairman, and the Council have confidence in the financial stability of the Hall for the future.

THIRTY-SEVENTH ANNUAL REPORT.

(SEPTEMBER 1ST, 1918—AUGUST 31ST, 1919.)

College Hall, University of London.

Presented to the Annual Meeting,

December 15th, 1919.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

- VI. The Honorary Treasurer, Lord Avebury, was re-elected.

COLLEGE HALL, BYNG PLACE.

REPORT OF THE COUNCIL.

SESSION 1918-9.

WITH the opening in October, 1918, of the College Hall Annexe at 7, Gordon Place, and the renting of a bed-study at Dr. Williams' Library, the number of Students accommodated at College Hall was increased to fifty-five. Every room was full throughout the session; in July last there was a waiting-list of over forty applicants who failed to obtain places, as there were only six vacancies to fill.

Seventy-one Students were in residence, forty-four for the whole Session. Twenty Students were at University College, including eleven at the Slade School and two at the Medical School. Forty-eight Students were at the London School of Medicine for Women, one at King's College Medical School, and one at the School of Economics. One Student from the Royal Free Hospital entered in March, 1919.

During the session six Students passed the 2nd M.B. examination, four entering the Royal Free Hospital and two St. Mary's Hospital, Paddington.

A list of the Students and a summary of the results of their session's work will be found in an appendix (see p. 11).

Sixty-eight guests stayed at the Hall for short periods.

Miss Nancy Coutts was elected Senior Student and Miss Muriel Lough House-Secretary for the session.

The Pfeiffer Fellowship for 1919-20 was awarded to Miss Grace Furby, B.A., resident at College Hall from 1911-13, now reading with a view to the M.A. degree in French at University College. Miss Anaple Christie (R.F.H.)

was awarded the Pfeiffer Scholarship, and special bursaries from the Eleanor Grove Memorial Fund were given to Miss Cassie Pratt (R.F.H.), Miss Muriel Mudie (U.C.), Miss Margaret Bowstead (L.S.M.W.) and Miss Margaret Swete (L.S.M.W.).

In December, acting under doctor's orders, Miss Pruen resigned her post as Bursar, to the great regret of all connected with the Hall. Their sincere thanks are due to Miss Pruen for her valuable services during her two-and-a-half years' tenure of office. Miss Dobson was appointed her successor.

The addition of the Annexe with the increased number of residents coinciding with a period of special domestic difficulty and two serious epidemics of influenza and outbreaks of German measles and chickenpox made the session a very heavy one for those in authority. The Council found it desirable to appoint a third officer in the Hall as Principal's Assistant.

The Council desire to take this opportunity of expressing their gratitude to Dr. Margaret Fraser for her generous and able services to everyone at College Hall.

They wish also to thank other friends for gifts received during the year, and the annual subscribers for their continued support. A list of gifts and subscriptions will be found on p. 15.

The Crabb-Robinson Trustees made a grant of £3 10s. for the Mudie Library Subscription, £10 towards the cost of a new piano, £30 for the redecoration of the Common Room.

The May Party was revived on May 10th after a long interval; about 200 guests were present. They inspected both the Hall and Annexe; there was an exhibition of the work of the Slade Students, and a Pierrot Performance by some of the Students.

The Hallow-E'en Party, with an original Cinema Play, was another of the social events of the year.

The College Hall Old Students' Association held its Annual Meeting on January 25th, followed by a social gathering. This was the first occasion on which present residents had the pleasure of hearing Dr. Hare's singing, the fame of which had been handed down as one of the joys of the past.

Miss M. C. Bell, M.B., B.S., was re-elected Past Students' Representative on the Council by those whose names are entered on the Roll.

Three new Honorary Members were elected at the General Meeting on December 16th: Dr. Margaret Fraser, Dr. Winifred Cullis and Lady Ramsay. Miss F. Ducker has become a Life Member, and Miss Garsin and Dr. Lina Potter Ordinary Annual Members of the Hall.

The policy of the Council has always been to keep the cost of residence at the Hall as low as possible. During the first years of the war no addition was made to the Hall dues; in October, 1916, a War Charge of £3 a term to meet the increased cost of maintenance was instituted. This was found insufficient and as from the beginning of the current session (1919-20) the War Tax has been £4 a term for Students who were in residence in 1918-19. For those entering during the current session a new and higher scale of dues was fixed.

The Council hoped that these increases would suffice and would secure financial stability.

The accounts for the Session 1918-19 are submitted herewith. The Income and Expenditure Account shews a deficit of £179 13s. 4d. This is on the working of the Hall and the Annexe. The capital cost of providing the Annexe was £900 last year. This must be paid off in the next four years. For this purpose a sinking fund of £225, chargeable to the Income and Expenditure Account, must be provided. Having regard to these circumstances and to the existing obligations—£1,438 to the Rent Reserve Account: £200 to

the Site and Building Fund (see Balance Sheet)—the Council have again reviewed the financial position. It seems clear that there is no likelihood of the cost of living being reduced in the near future. Various plans for meeting the situation were discussed. Finally it was decided not to increase the amount of the fees paid by Students this Session but to discontinue the service of luncheon in the Hall and of luncheon allowances from Monday to Friday inclusive as from January 1st, 1920. Luncheon facilities exist at the several Colleges at which Students are working. There is a certain advantage in Students taking at least one meal in a day in their own Colleges. It is hoped that this scheme will prevent a further deficit this Session and will on the whole be less inconvenient to Students than any other.

As from the beginning of next Session the new and higher scale of fees will be payable by all Students.

These measures should prevent any further debt and should provide for paying off the loan for the Annexe. The Council invite Members of the Hall and their friends to help to clear off the accumulated debts of previous years.

They are satisfied that the Hall is managed economically; that its tone is good, and that it is an effective auxiliary in the work of University Education in London. They desire to acknowledge the valuable services of the Principal (Miss Alleyne), and of her assistants. In a time of great difficulty and of private anxiety the Principal has given her energy and thought to the welfare of the Hall and has carried through the arrangements for the Annexe with marked success.

We report that we have examined the Accounts and Balance Sheet dated 31st August, 1919, and have received all the information and explanations we have required. The books of the Hall have been carefully kept and are in good order. No provision has been made for Depreciation on Furniture (if any is required). There is some doubt as to whether the Loan to student of £35 6s. 8d. appearing in the Balance Sheet is collectible. Subject to the above remarks we are of opinion that the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hall's affairs, according to the best of our information and the explanations given to us and as shewn by the books of the Hall.

THIRTY-EIGHTH ANNUAL REPORT.

(SEPTEMBER 1ST, 1919—AUGUST 31ST, 1920.)

College Hall, University of London.

Presented to the Annual Meeting,

December 13th, 1920.

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

COLLEGE HALL, LONDON.
(UNIVERSITY OF LONDON.)

THE THIRTY-FIFTH GENERAL MEETING OF MEMBERS was held at the Hall on Monday, December 13th, 1920. The Chair was taken by Sir Gregory Foster, B.A., Ph.D., Provost of University College, London.

There were eleven members present.

- I. The Minutes of the Thirty-fourth General Meeting on December 15th, 1919, were read and signed.
- II. The Annual Report hereto appended was read by the Chairman, and approved.
- III. The Balance Sheet for 1919-20 hereto appended was presented by the Hon. Acting Treasurer and approved.
- IV. The following were re-elected Members of the Council:—

MRS. BAYLISS.	PROFESSOR W. P. KER, M.A., LL.D.,
MISS BOILEAU, M.B., B.S.	F.B.A.
MRS. COLMAN, M.D.	LADY LOCKYER.
MISS E. A. FRASER, D.Sc.	MRS. CARRINGTON WILDE.
	MISS WINIFRED CULLIS, D.Sc.

The following Representatives were re-elected in accordance with No. 20 of the Bye-Laws adopted in 1916:—

Of the Senate of the University of London: Professor S. W. Green, M.A.

Of the Committee of the University of London, University College: Sir Gregory Foster, B.A., Ph.D., Provost of University College.

Of the Council of the London School of Medicine for Women: Miss L. M. Brooks (Warden of the London School of Medicine for Women).

Of the Council of London School of Economics: Miss M. Buer, B.Sc. (Econ.).

- V. The Honorary Treasurer, Lord Avebury, was re-elected.

COLLEGE HALL, LONDON.

REPORT OF THE COUNCIL.

SESSION 1919-20.

DURING the Session 1919-20, sixty-two Students were in residence at the Hall including the First Annexe, 7 Gordon Place; forty-five Students were in residence throughout the whole session. So great was the number of applications that, even with the Annexe, it was impossible to admit all who applied. Two specially pressing cases were dealt with by hiring bedrooms outside.

The residents at the Hall were distributed as follows:

22 at University College (15 Arts, including 10 at the Slade School, 2 Science, 2 Medical Sciences and 3 taking Matriculation).

38 at the London School of Medicine, of whom 14 were taking Clinical courses at the Royal Free Hospital, and one at St. Mary's.

1 at King's College Hospital Medical School, and

1 at the London School of Economics.

A list of the Students with particulars of this session's work will be found on p. 11.

Over seventy guests stayed at the Hall during the year; some were London School of Medicine Students stranded in London owing to the Railway Strike, who found shelter until the University College Students arrived, the beginning of whose term was deferred one week; some were external candidates for London Examinations, of whom an increasing number apply for accommodation in the Hall, and the rest were former residents and friends of the Hall.

Miss Marion Clarke (R.F.H.) was elected Senior Student, and Miss Cecily Crosskey (L.S.M.W.) House Secretary for the session. The Pfeiffer Fellowship was held by Miss Grace Furby, B.A., reading for M.A. (French) at University College; Miss Jane Dowse, B.A., reading for Ph.D. degree at University College, has been elected for the session 1920-21.

Miss Anaple Christie (R.F.H.) was the holder of the Pfeiffer Scholarship for 1919-20 and has been re-elected for another session. Bursaries from the Eleanor Grove Memorial Fund have been awarded to Miss Stephens (R.F.H.) and Miss Swete (L.S.M.W.) for 1920-21.

The Council desire to record with deep regret the death of the following members of the Hall: Mrs. Nathaniel Cohen, Mrs. Garnett, Professor Perry and Mr. H. W. Thompson.

The First Annexe has proved a pleasant and valuable addition to the Hall; it now has its own Common-room, where the Saturday and Sunday tea parties are much appreciated.

In September, 1919, Miss Maud Burns was appointed to assist the Principal and Bursar in the general work of the Hall, with the special charge of any slight cases of illness that can be nursed there. The whole household has benefited by Miss Burns' kindly and efficient help in this and many other directions.

The Council desire to express their indebtedness to Dr. Margaret Fraser, Dr. Chodak-Gregory and Dr. Pickard for their generous services to the Hall in time of need, and to thank other friends and subscribers for their continued interest and support. A list of gifts and subscriptions will be found on p. 15.

The Crabb Robinson Trustees made a grant of £4 10s. for the Students' Mudie Library subscription, and of £20 for the hire of a tennis court in the summer term.

The College Hall Old Students' Association gave a bursary from the Grove-Morison Fund to enable a Student to remain in residence till the end of the session, and made a grant of £5

to the Library Fund. The Annual Meeting of the Association was held in the Hall in January, when Miss M. C. Bell was re-elected Past Students' Representative on the Council.

The chief social events of the year were the Hallow-E'en and May parties, and a Fancy Dress Dance given by the C.H.O.S.A. in the summer term.

The number of applications for admission for the Session 1920-21 was so numerous that the Council felt it incumbent upon them to take steps to increase still further the accommodation of the Hall. After much investigation on the part of the Sub-committee, assisted by the Principal and the Bursar, it was decided to take two houses in Torrington Square, (Nos. 60 and 61) that fell vacant at the end of July. These two houses are on the site that had then been offered by the Government to the University of London; their leases had expired and the tenants were allowed to continue on quarterly tenancies. The Council risked taking them on quarterly tenancies in the hope, since realised, that the site would be accepted by the University of London. The financial arrangements in connection with this added responsibility were very carefully investigated and the Council have reason to believe that with careful management the capital output on these houses can be repaid in three years. As indicated in the Auditors' Report, no part of the expenditure on these houses, which will be known in future as the Second Annexe, is brought into the accounts for the year 1919-20. With the Second Annexe the Hall will provide accommodation for 78 students.

The financial position of the Hall has given the Council considerable anxiety. They were very unwilling to raise the fees, but the increased cost of everything made this step essential. As a part of a revised scheme of finance and after very careful consideration of its several aspects, the Council decided, as reported last year, to discontinue the supply of lunch at the Hall from Monday to Friday inclusive. It appeared desirable on many grounds that the Students should lunch in

the several Colleges to which they are attached. By taking this step it was hoped that a comparatively small increase in the residents' fees would enable the Hall to pay its way. As the session wore on, however, it became evident that the increase in fees would not be sufficient to prevent a deficit. A further increase, making a total average increase of 90 per cent. on pre-war charges, was, therefore, decided upon, to take effect for new entrants as from October, 1920, and for those already in the Hall as from January, 1921.

As a result, therefore, of the depreciation in the value of money represented by the steadily increasing cost of everything, and from failure to estimate this accurately, the Council regret to report that there is a deficit on the Income and Expenditure Account for the year of £441 10s. 8d. This is a serious addition to the liabilities of the Hall. While the Council have every reason to believe that there will be no deficit in the current session (1920-21) and that their expectations in regard to the Annexes will be realised, they feel it their duty to ask the attention of members of the Hall to the financial position revealed by the Balance Sheet.

Apart from the loan of £900 from the Bankers for the First Annexe, for the gradual repayment of which provision is made in the estimates, there are the following liabilities which should be cleared off as soon as possible.

Debt to Rent Reserve Account . . .	£1,752
Loan from Site and Building Account . . .	200
Sundry Creditors	420
Structural Improvements (debt)	1,019
Total	<u>£3,391</u>

The Council desire to pay a tribute to the work of the Principal and Bursar, who have been unsparing in their efforts for the promotion of the welfare of the Students and who have given much uncovenanted labour for the purpose of promoting the aims of the Hall, and for its extension.

We report that we have examined the Accounts and Balance Sheet dated 31st August, 1920, and have received all the information and explanations we have required.

No provision has been made for Depreciation of Furniture (if any is required).

A liability amounting to £1,600 at the date of the Balance Sheet has been incurred in respect of advances made by the Bank for the purpose of the New Annexe (2) 60 and 61, Torrington Square. Payments amounting to £1,564 7s. 3d. have been made from these advances but neither the liability to the Bank nor the expenditure in respect of the Annexe is included in the attached accounts.

Subject to the above remarks we are of opinion that the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Hall's affairs according to the best of our information and the explanations given to us and as shewn by the books of the Hall.

THIRTY-NINTH ANNUAL REPORT.

(SEPTEMBER 1ST, 1920—AUGUST 31ST, 1921.)

College Hall, University of London.

*Presented to the Annual Meeting,
December 12th, 1921.*

COLLEGE HALL, LONDON.

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

Lady Foster; Viscountess Rhondda; Sir Sydney Russell-Wells.
- VII. Mrs. Blackman, M.A., was elected a Member of the Council.
- VIII. The Honorary Treasurer, Lord Avebury, was re-elected.
- IX. The following Resolutions were moved by the Chairman, and adopted:—

- (1) That the Members of College Hall approve generally the proposal of the University Grants Committee for the incorporation of the Hall in the University.
- That the Members of College Hall authorise the Council to take such steps as they may deem desirable to prepare a scheme to give effect to the proposed incorporation, such scheme to be submitted to the Members for approval before any action is taken thereon.

COLLEGE HALL, LONDON.

REPORT OF THE COUNCIL.

SESSION 1920-1921.

BY the acquisition of the Second Annexe, Nos. 60 and 61 Torrington Square, referred to in the last Annual Report, it was possible at the opening of the Session 1920-21 to provide accommodation for seventy-eight Students.

The Session opened with a full complement, but as thirteen of those returning in October, 1920, withdrew at Christmas, owing in most cases to the increased scale of fees, and as a few others withdrew at Easter, the Hall was not quite full throughout the session. Ninety Students were in residence in the course of the session: forty-nine throughout the whole session.

They were distributed as follows:

39 at University College (including 14 at the Slade School, 1 Graduate reading for the Ph.D. Degree and 1 Graduate taking the Diploma of Public Health).

45 at the London School of Medicine (including 18 at the Royal Free Hospital and 1 at St. Mary's Hospital, Paddington).

2 at King's College.

3 at the London School of Economics.

1 at University College Hospital Medical School.

For the first time Students were in residence taking courses in Architecture, Librarianship, and Journalism.

A list of the Students with particulars of the session's work will be found on page 14.

Miss Olga Naylor (R.F.H.) was elected Senior Student, and Miss Barnaby (L.S.M.W.) House Secretary. The Pfeiffer Fellowship was awarded to Miss Dowse, B.A., who is reading for the Ph.D. degree in German, at University College. The

Pfeiffer Scholarship was again held by Miss Christie (R.F.H.). Bursaries from the Eleanor Grove Memorial Fund were awarded to Miss Swete (R.F.H.) and Miss Stephens (R.F.H.) for the session, and special bursaries from the Council for the third term to Miss Studdy (Bartlett School of Architecture), Miss Jordan (L.S.M.W.) and Miss Hawkes (R.F.H.). A Bursary provided by a friend of the Hall enabled Miss Stoessiger (R.F.H.) to remain in residence till the end of the session, during which period she passed the examination for the Primary Fellowship of the Royal College of Surgeons.

Miss Naylor fulfilled her duties as Senior Student with such success and special benefit to the Hall community that the Council had pleasure in awarding her the Rosa Morison Memorial Medal on the recommendation of the Principal. The presentation was made by Lady Lockyer at an assembly of the Council and Students on June 14th; a special party was afterwards held in Miss Naylor's honour, provided by the generosity of Miss Brodrick.

The Hallow-E'en and May parties were held as usual, and the College Hall Old Students' Association entertained the present Students at a Dance on March 4th, when Mr. and Mrs. Jan Gordon's Spanish Gipsy Music formed a novel and delightful part of the programme. The C.H.O.S.A. held their Annual Meeting at the Hall on January 29th, when Dr. Bell was re-elected to serve for a third year on the Council as Past Students' Representative. The members of the Association also held an afternoon Social on June 11th. Their latest gift to the Present Students of a curtain and fittings for use at dramatic entertainments in the dining room is a most welcome addition to the Hall.

The new Annexe (60 and 61, Torrington Square) is justifying the faith in which it was started. Miss Burns and twenty-three Students have study-bedrooms there, and

breakfast is served in a large room which for the rest of the day is set apart for the use of the seven occupants of small rooms that have no heating apparatus. There is also a good Common-room where tea is served on Saturdays and Sundays as at Annexe 1.

From Monday to Friday two dinners are served in the Hall, at 6.45 and 7.30 p.m., and at the week-ends, when the numbers are always somewhat diminished, it is possible to arrange for a single midday and evening meal without undue crowding; but at the best, enlargement by means of Annexes can only be regarded as a makeshift.

The record of health for the session has been very satisfactory, except for three isolated cases of infectious diseases.

The Council desire to express their thanks to Dr. Margaret Fraser, Dr. Chodak-Gregory, and Dr. Richards, for their generous services, and to other friends and subscribers for their continued interest and support, especially to those who have responded to the appeal in last year's Report for help towards clearing off the liabilities of the Hall.

A list of Gifts and Subscriptions will be found on pages 18 and 19.

The Council desire to record with deep regret the death of the following members of the Hall: The Dowager Countess of Airlie, Miss Gilliland, and Mrs. H. J. Wilson.

The Council are glad to be able to report a distinct improvement in the position of the finances of the Hall. As a result of careful investigation made by the Finance Committee it has been found possible to draw up at the beginning of each year estimates of income and expenditure. By reviewing these estimates every three months, a more effective control over expenditure has been established. The estimates drawn up for the year 1920-21 have been very closely realised.

These estimates provided for the depreciation on the two

Annexes. It will be seen from the Income and Expenditure Account that a sum of £754 6s. 2d. has been allotted to this purpose. By this means the Council have been able to give full effect to the intention announced in their last report, of not increasing the liabilities of the Hall by the institution of the Annexes. After making this provision, there is a balance of £494 19s. on the Income and Expenditure Account. This wipes out the deficit for the year 1919-20, which was £441 10s. 8d. After consultation with the Auditors, it has been utilised as a depreciation on the Structural Improvements and Renewals Suspense Account. This account ought to have been wiped off during the war, but it was impossible to do so. Owing to the lapse of time that expenditure on Structural Improvements and Renewals, incurred in 1915, has ceased to be a real asset. With a view to removing it as speedily as possible from the Assets Account, friends of the Hall subscribed during the year the sum of £278 10s. The total has thus been reduced to £245 14s. 2d. The Council hope that members of the Hall will assist by providing at least this sum during the present year.

After taking the advice of the Auditors, the general Balance Sheet and the Balance Sheets of the Trust Funds have been re-arranged so as to show more precisely the financial position of the Hall. Including the £245 14s. 2d. referred to above, the liabilities of the Hall are now as follows:

Debt to Rent Reserve Account . . .	£1,752
Loan from Site and Re-building Fund . .	200
Debt on Structural Improvements . . .	245
	<hr/>
	£2,197

The Council particularly desire to free the Hall from these liabilities during the next three years.

They enclose the list of the subscribers during the past

year and they invite every member of the Hall to fill up the enclosed form and return it to the Principal as soon as possible.

By the end of three years it may be hoped that the industrial world will be sufficiently recovered to enable the Council to set before the members of the Hall a scheme for its re-building and further development. With this hope in view, the Council have adopted a scheme involving an expenditure of about £500 a year for three years, under which the present Hall Buildings and their equipment will be kept in satisfactory order during the interim period, at the same time avoiding any expenditure upon changes of a permanent nature.

The provision of Halls of Residence for University Students is every day becoming a more pressing question. It is gratifying to notice that the University Grants Committee are considering this matter, and are contemplating the adoption of a new policy in regard to Halls of Residence.

The Council decided to approach the University Grants Committee for financial assistance. Under the rules of that Committee, the approach was made through the University College Committee, and ultimately through the Senate of the University of London. As a sequel to this approach, the Chairman has received the letter of the 18th October, together with the Minute which is appended.

The Council have given very careful consideration to this matter. They have not yet had time to deal with it in detail, but they are satisfied that the principle suggested will, if adopted, be to the advantage of the Hall, and they, therefore, submit two recommendations which will be found on the Agenda Paper for the Annual General Meeting.

This is a matter of very great significance, and they trust that all the members of the Hall will make a point of being present at the Annual General Meeting to discuss it.

The Council desire to pay a tribute to the excellence of the work of the Principal and the Bursar during the last year.

UNIVERSITY OF LONDON,
UNIVERSITY COLLEGE,

Copy.

18th October, 1921.

DEAR SIR GREGORY,

I am writing to you as Chairman of the Council of College Hall at the request of the University College Committee.

You will remember that at their last visit to the College, the University Grants Committee raised the question of the Halls of Residence, their financial position and their relation to the College and to the University.

A memorandum dealing with the position of College Hall was submitted through the University College Committee to the University Grants Committee. This memorandum formed the basis of discussion at a Conference with the University Grants Committee. Subsequent to the Conference a record of the proceedings was prepared and was approved by Sir William McCormick on behalf of the Committee. I enclose a copy of that record.

The University College Committee have received a communication from the University Grants Committee indicating that they will be willing to consider financial assistance for the Hall, if arrangements can be made for the incorporation of the Hall in the University.

The University College Committee understand that the College Hall authorities have already given some preliminary consideration to this matter. The purpose of this letter is formally to invite you to take such steps as you think fit for the matter to be carefully and fully considered.

I am,

Yours very truly,

(Signed) WALTER W. SETON,

Secretary.

SIR GREGORY FOSTER.

MINUTE of Interview between the University Grants Committee and Representatives of University College, London, on Thursday, 26th May, 1921.

At the interview which took place on 26th May, 1921, between the Chairman and Members of the University Grants Committee and Representatives of University College, London, the question of hostel accommodation and the attitude of the University Grants Committee towards hostels was discussed.

The Chairman, Sir William McCormick, called attention to the position of the two Halls of Residence associated with University College, namely, College Hall, Byng Place, and University College Hall, Ealing, as being institutions which are not the absolute property of the University, and neither financially nor administratively controlled by the University.

He agreed that in previous years a ruling had been given that the Universities and Colleges in receipt of Treasury Grants were not permitted to use any part of the Treasury Grants for the promotion or assistance of hostels. He expressed the view, further, that a modification of this policy was desirable.

He stated that the University Grants Committee considered University hostels an important feature in the life and well-being of Universities and, as such, a proper object for government assistance, provided that the hostels were under the control of the Universities and Colleges concerned, and provided the assistance could thus be given to the Universities and Colleges.

He indicated that in the case of hostels which are not yet the property of the University (e.g., College Hall and University College Hall, in the case of the University of London), the desirable procedure would be for steps to be taken for the hostels to be handed over as a benefaction to the University upon the basis of a valuation: that in that event the University Grants Committee would favourably consider assistance to the University for the benefit of the hostels to the extent of the ascertained value of the benefaction, such assistance to take the form of either a capital grant or of an annual grant calculated at five per cent. upon the capital value, or a grant partly capital and partly annual.

FORTIETH ANNUAL REPORT.

(SEPTEMBER 1ST, 1921—AUGUST 31ST, 1922.)

College Hall, London.

(UNIVERSITY OF LONDON)

Presented to the Annual Meeting,

December 12th, 1922.

COLLEGE HALL, LONDON

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

- V. The Honorary Treasurer, Lord Avebury, was re-elected.

COLLEGE HALL, LONDON.

REPORT OF THE COUNCIL.

SESSION 1921-1922.

THE Hall and Annexes were full for the first two terms; a few vacancies during the Summer Term made it possible to accommodate a larger number of visitors than usual for short periods. Mrs. Monahan, M.D. (O. McDougall, in residence 1895-1900) came to the Hall for six weeks' special study whilst on furlough from her Hospital in Madras.

Members of the Assistant Mistresses' Association and of the Historical Association stayed at the Hall during the week of the Educational Conference in January, and in July accommodation was arranged for Students of the Summer School of Librarianship at University College. External Students taking University of London examinations apply repeatedly for accommodation: two Cardiff Medical Students who had been frequent visitors came into residence on starting their Hospital Training in London.

A list of visitors is appended, (see page 17).

Eighty-seven Students were in residence, of whom sixty-four were there throughout the session.

They were distributed as follows:—

- 49 at University College.
- 30 at the London School of Medicine for Women.
- 4 at the School of Economics.
- 1 at University College Hospital Medical School,
- 1 at Charing Cross " "
- 1 at Westminster " "
- 1 Student reading for Newnham College Entrance Examination.

Among the Students in residence this session were seven Graduates from the Universities of Oxford, London, Edinburgh, Columbia, Toronto, and a Certificated Student of Newnham College, Cambridge. A list of the Students with the particulars of the session's work will be found on page 12.

The following appointments have been obtained by Students qualifying during the session :—

Miss May Christie, M.B., B.S., Resident Medical Officer, Hospital St. Cross, Rugby.

Miss Nancy Gibbs, M.R.C.S., L.R.C.P., House Physician, Royal Infirmary, Derby.

Miss Muriel Mudie, B.Sc., Mathematical Mistress, Wolmers' Girls' School, Kingston, Jamaica.

Miss Jane Dowse, B.A., English Mistress, École Chevreul, Lyons.

Miss Rosamond Taylor (Diploma in Librarianship) Senior Assistant, Public Libraries, Bolton.

Miss Gwendolen Woodward (Diploma in Librarianship), Assistant Librarian, University of Leeds.

Miss Olga Naylor (R.F.H.) was re-elected Senior Student for the session, with Miss Victoria Crosse (R.F.H.) as House Secretary. The Pfeiffer Fellowship was awarded for a second year to Miss Jane Dowse, B.A., reading for the Ph.D. degree in German at University College. The Pfeiffer Scholarship was held by Miss Emily Stephens (R.F.H.). Bursaries from the Eleanor Grove Memorial Fund were awarded to Miss Nancy Gibbs (U.C.H.), and Miss Victoria Crosse (R.F.H.); a special bursary was provided by Miss Clegg to assist Miss Mudie, B.Sc., to continue in residence.

A number of successful social functions were held during the session, including the usual Hallow-E'en and May Parties. The latest addition to the Hall, Annexe 2, deserves special mention in this connection for the spirited part it has played in all these entertainments. At the beginning of the session Miss Brodrick visited the Hall and gave a most interesting

account of her adventures and discoveries in the East. Her constant interest in the Students has been shewn in various gifts sent with her good wishes during her absence abroad. The Council desire to express their thanks to her and to other friends and subscribers for their continued interest and support.

A list of gifts and subscriptions will be found on page 18.

The health of the Students has been satisfactory with the exception of a slight epidemic of influenza in the Spring Term, and of chickenpox in the Summer Term; and the thanks of all the residents are due to Dr. Maude Richards for her skilful and untiring services.

At the end of the session Miss Burns resigned her post as Principal's Assistant, which she had held for three years. The Council desire to thank her for her services, and to accord a welcome to her successor, Mrs. Shackle.

The College Hall Old Students' Association held their Annual Business Meeting at the Hall in January, when Miss Ridgway was elected as the Past Students' Representative on the Council in place of Dr. Bell retiring after three years of office. Dr. Bell was co-opted as an ordinary member by the Council.

The Association forms a valuable link between past and present; the continued interest of the Old Students in their young successors is much appreciated. The Association is more than a mere Social Institution. It is the trustee of the Grove-Morison Bequest, which is largely used to help past or present Students in need of temporary financial assistance. A special bursary from this fund was given this session to enable a Student to remain in residence for the last terms of her Degree Course.

Two social gatherings were held by the Association at the Hall this session, a re-union of its own members, and a fancy dance for the present Students, for the success of which special thanks are due to the energetic Secretary, Miss Buer.

The Council desire to record with deep regret the death of Professor Trouton, M.A., Sc.D., F.R.S., who was a member of the Hall and served on the Council from 1911 to 1914, and also of Dr. Talfourd Ely, M.A., D.Lit., F.S.A., another old and valued friend of the Hall.

The Council are able to report a further improvement in the financial position of the Hall.

Experience has shown that it is easier to finance the Hall with seventy-seven residents than with forty.

From the Income and Expenditure Account it will be seen that it has been possible to carry a sum of £808 16s. 3d. to the Rent Reserve Account. It is the policy of the Council to raise the Rent Reserve Account to at least £5,000 so as to provide the inevitable expenses for temporary arrangements during the re-building of the Hall. The donations of the year amounting to £394 9s., which the Council desire gratefully to acknowledge, have also been placed to this account. The account stands in the Balance Sheet at £3,629 8s. 7d., of which only £1,883 11s. 2d., is at present represented by liquid assets, the remainder being locked up in furniture. In order therefore to make the Rent Reserve Fund available for the purpose for which it was instituted, a sum of about £1,746 is required. The Council desire to raise this sum, towards which subscriptions are invited, in the course of the next two years.

When the Rent Reserve Account amounts to £5,000 in an available form, the question of re-building should be seriously considered.

The financial arrangements for the current session (1922-23) will make it possible to repay the loan from the Bankers (£500) which is now the only external debt.

In view of these improved conditions, brought about very largely by the careful management of the Principal and of the Bursar, the excellence of whose work the Council desire to acknowledge, the Council have decided to take steps to make better provision for them under the superannuation scheme.

Having regard to the policy of keeping the cost of residence to Students as low as possible, and in view of the diminution in the cost of living, the fees payable by Residents have been slightly reduced.

The lease of Annexe 1 (7, Gordon Place) terminates at Midsummer 1923. After careful consideration the Council have decided to take a new lease from the Bedford Estate for a period of fourteen years at a rental of £200 a year. The cost of the dilapidations will not exceed £400 for which provision has been made.

As an earnest of the policy of the Incorporation of Halls of Residence in the University, the University Grants Committee have handed over the sum of £2,500 for the benefit of College Hall. Pending the consideration of arrangements for the Incorporation of the Hall, the interest on this sum is paid over and is being placed to the credit of the Rent Reserve Account.

The Council have appointed a special committee to consider the matter further in pursuance of the resolution adopted at the last General Meeting.

As it is understood that the University Grants Committee may be considering the policy of the Incorporation of Halls within the next few months, the special Committee will get to work so as to report as early as possible. It may be necessary to convene a special General Meeting for further discussion of this matter.

FORTY-FIRST ANNUAL REPORT.

(SEPTEMBER 1ST, 1922—AUGUST 31ST, 1923.)

College Hall, London.

(UNIVERSITY OF LONDON)

Presented to the Annual Meeting,

December 11th, 1923.

COLLEGE HALL, LONDON

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

COLLEGE HALL, LONDON.
(UNIVERSITY OF LONDON.)

THE THIRTY-EIGHTH GENERAL MEETING OF MEMBERS was held at the Hall on Tuesday, December 11th, 1923. The Chair was taken by Sir Gregory Foster, B.A., Ph.D., Provost of Univ. Coll., Lond. There were eighteen Members present.

- I. The Minutes of the Thirty-seventh General Meeting on December 12th, 1922, were read and signed.
- II. The Annual Report and Balance Sheet hereto appended were presented by the Chairman and approved.
- III. The following were re-elected Members of the Council :—

LADY BAYLISS	VISCOUNTESS CHELMSFORD
LADY LOCKYER	PROFESSOR CULLIS, D.Sc.
MISS MACDONALD, M.A.	MISS FRASER, D.Sc.
MRS. CARRINGTON WILDE	DR. HARE, M.D., B.S.

The following Representatives were elected in accordance with No. 20 of the Bye-Laws adopted in 1916 :
 Of the Senate of the Univ. of Lond. : Miss Ethel Strudwick, M.A.
 Of the Committee of the University of London, University College :
 Sir Gregory Foster, B.A., Ph.D., Provost of Univ. Coll., Lond.
 Of the Council of the London School of Medicine for Women :
 Miss L. M. Brooks (Warden of the London School of Medicine for Women).
 Of the Council of the London School of Economics :
 Miss M. C. Buer, B.Sc. (Econ.).
- IV. The following were elected Honorary Members of the Hall :—
 Lady Hilda Keppel; Miss Olga Naylor, M.B., B.S. (Senior Student, 1920-1922).
- V. The Honorary Treasurer, Lord Avebury, was re-elected.
- VI. The Chairman reported on the proposed Incorporation of the Hall in the University. At the request of the Members the following extract from the Minutes of the Meeting is circulated with this Report :—

"A statement was made by the Chairman about the proposed Incorporation of the Hall in the University. He reminded the Members that the matter had taken its origin with a communication from the University Grants' Committee, and that any steps in relation thereto were dependent upon a Grant from that Committee. The position of the national finances had, for the time being, put any Grant of that sort out of the question.

"He further stated that the Council had appointed a Committee to go into the matter in detail and to report.

"In answer to questions he informed the Meeting that in his opinion it was essential as a condition of Incorporation that the Body of Members of the Hall should be retained with powers not very dissimilar from those already existing. If and when the Hall became incorporated in the University, the actual ownership of the property would be vested in the University, the Council, or some Body analogous to it, would be retained for the management of the Hall. This Body would submit its annual estimates and an Annual Report to the University."

COLLEGE HALL, LONDON

REPORT OF THE COUNCIL,
SESSION 1922-3

THE HALL and Annexes were full for the first and second terms; there were a few vacancies during the third term.

Five Students of the Summer School of Librarianship at University College stayed at the Hall in July. A list of visitors during the session is appended (page 19).

Eighty-two Students were in residence of whom sixty-five were there throughout the session. They were distributed as follows :—

- 51 at University College.
- 27 at the London School of Medicine for Women and the Royal Free Hospital.
- 1 at the London School of Economics.
- 1 at Bedford College.
- 1 at Charing Cross Hospital Medical School.
- 1 Student who gave up her course at L.S.M.W. was allowed to remain in residence for one term whilst taking a Secretarial Course.

Among those in residence were four Students of post-graduate standing from Girton College, Cambridge, the Universities of Alberta and Toronto, and from Vassar College and Columbia University, U.S.A. A list of the Students with the particulars of the session's work will be found on page 13.

Miss Olga Naylor, Senior Student for 1920-22, remained in residence until the completion of her M.B., B.S. Course in November. Miss Naylor was awarded the Rosa Morison Memorial Medal in June, 1921; the Council, being

desirous of making further recognition of her services during her second year of office, have nominated her for election as an Honorary Member of the Hall at the next General Meeting.

Miss Victoria Crosse (R.F.H.) was elected Senior Student for the session, with Miss Muriel Rippin (U.C.) as House Secretary.

The Pfeiffer Fellowship was awarded to Miss Aileen Dunham (B.A. Alberta, M.A. Toronto), reading for the Ph.D. in History at University College. The Pfeiffer Scholarship was awarded to Miss Emily Stephens (R.F.H.), and bursaries from the Eleanor Grove Memorial Fund were held by Miss Crosse (R.F.H.) and Miss Tennant (U.C.).

The Rosa Morison Memorial Medal was awarded to Miss Victoria Crosse for her services as Senior Student for the session.

The following appointments have been obtained by students who completed their courses during the session:—

Miss Olga Naylor, M.B., B.S., Assistant Resident Medical Officer, Homœopathic Hospital, Great Ormond Street.

Miss Marion Tennant, Assistant at the *Times* Book Club, London.

Miss Phillippa Castle (Slade School), Art Mistress, Royal Naval School, Twickenham.

Miss Margaret Herbert, B.Sc., Assistant Mistress, Private School, S. Kensington.

During the Christmas Vacation the Library was re-arranged and classified by Miss Gwendoline Woodward (Librarianship Diploma, 1922) and a new card catalogue was made. The Hall is greatly indebted to Miss Woodward for her services. The Library Committee has been enlarged; each year new books are added from the fund at its disposal or by private donations. The Library is one of the most valuable assets of Hall life. One of the Students taking the

Librarianship Course at University College is appointed by the Principal to act as Sub-Librarian.

The usual social functions were held during the session, including the Hallow E'en and May parties.

A portable stage made in sections has been provided, partly by the Crabb Robinson Trustees and partly by the Council: this with the curtain and fittings presented by the Old Students' Association makes a complete equipment for dramatic entertainments.

The Old Students' Association gave a fancy dress dance to the present Students in June. At their Annual Business Meeting in January, Miss Ridgway was re-elected as Past Students' Representative on the Council.

Miss Brodrick visited the Hall twice in the Summer term, and recounted some of her experiences in her travels in Palestine. Her keen interest in all the concerns of the Hall and the welfare of the present students, and the many tangible evidences of this, are greatly appreciated. The Council desire to express their thanks to her and to other friends and subscribers for their continued interest and support. A list of gifts and subscribers will be found on page 19.

The majority of the residents were re-vaccinated during the first term. Two students were removed to Nursing Homes: the one for an operation for appendicitis, the other for pleurisy. There was also a slight epidemic of influenza at the end of the second term. Otherwise the health of the Students was good.

During the Long Vacation, 1923, the scheme for thoroughly overhauling and renovating the Hall adopted by the Council in 1921 was completed. In the summer of 1921 various small improvements were carried out, and the top floor and the servants' quarters in the basement were re-decorated. In 1922 the outside of the building was re-painted, the two staircases, corridors and the rooms on the third floor

and the Bursar's office were redecorated. This year all the remaining study-bedrooms on the second, first and ground floors have been re-decorated, together with the Dining Hall, Common Room and Library, so that in its hundredth year of existence as a building and forty-first as College Hall, London, the Hall with its plain, light papers and white paint is probably brighter and fresher within than it was in the days of its youth. A considerable sum is spent each year in maintaining in good order the valuable old furniture which is a distinctive feature of this Hall, and the necessary additions are made as far as possible so as to be in keeping with it.

Both Annexes have also been repainted outside; their Common Rooms and many of the study-bedrooms have been re-decorated; each has its own characteristics which are dear to the hearts of its residents.

The Council deeply regret to have to record the death of Professor W. P. Ker and of Miss Margaret Boileau.

Professor Ker had been a Life Member of the Hall since 1902 and a member of Council since 1906. He appreciated fully the value of Halls of Residence in University life and took the warmest interest in the affairs of the Hall. He aided the social and recreative activities of the Hall in many kindly and unostentatious ways. The Hall shares with University College a deep sense of his loss and desires to pay a tribute to one who discharged his professorial duties with high distinction.

Miss Margaret Boileau was in residence at the Hall for ten sessions (January, 1896, to July, 1906): she was a member of the Council from 1906 to 1923. There are few among its students who more fully appreciated and herself expressed the spirit of the Hall. The Council desire to convey to her relatives and to her many friends their sense of the loss that has fallen upon them by her death.

A question of great importance to the Hall has been raised

by the Trustees of the adjoining Catholic Apostolic Church. The Trustees gave notice of their intention to erect a barrier across the roadway leading to their Church, on which roadway the three back entrances of the Hall open. The Council, acting under the advice of their solicitor, replied by claiming "that a right of access thereto (to the Hall) over the said roadway by means of three back entrances passed to them as appurtenant to the hereditaments" conveyed to them by the Duke of Bedford on the 29th of October, 1913. The Trustees refused to admit this claim and counter-claimed "that they have full power at any time to close the said roadway and debar College Hall and all other persons whomsoever from user thereof." Both parties maintain their claims, but have entered into an agreement under which the Hall consents to the erection of the barrier by the Trustees, who hand to the Hall two keys thereof, so that the Hall keeps without waiving any rights and for all effective purposes the use of the roadway and of the back entrances.

The audited accounts appended to this Report shew that the financial position of the Hall is steadily improving. The Council have, with the help of their auditors, enquired into the liability of the Hall for the payment of Income Tax. Unfortunately the issue has been adverse to the Hall, but the enquiry has been useful and has helped to clear up several uncertain points. Pending the completion of this enquiry, Income Tax has not been paid: as the decision has only just been reached, the precise amount of the liability has not been ascertained, but a reserve amount of £244 has been put into the Income and Expenditure Account.

This Account shows that after meeting all the liabilities of the year (which included the considerable sum of £1,444 17s. 3d. for repairs, of which £489 8s. 10d. was in respect of Annexe I. and £70 17s. 7d. of Annexe II.) there is a credit balance of £144 4s. 5d.

The General Balance Sheet shows that the £144 4s. 5d. has been transferred to the Rent Reserve Account, which was instituted in 1913 for the purpose of providing a fund to meet expenses during re-building. The Council have decided to raise this fund as soon as possible to at least £5,000. The Balance Sheet shows that a healthy position is being gradually established: there are no external debts and the policy of providing for a 10% annual depreciation on the furniture assets will materially assist in establishing a sound financial position.

College Hall has been admitted to the Federated Superannuation System for Universities. The Council have been glad to arrange for the Principal and the Bursar to have policies under the scheme. They desire again to acknowledge the zeal and care with which the officers of the Hall and the domestic staff have discharged their duties.

FORTY-SECOND ANNUAL REPORT.

(SEPTEMBER 1ST, 1923—AUGUST 31ST, 1924.)

College Hall, London.
(UNIVERSITY OF LONDON)

*Presented to the Annual Meeting,
December 16th, 1924,*

COLLEGE HALL, LONDON

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

COLLEGE HALL, LONDON.
(UNIVERSITY OF LONDON.)

THE THIRTY-NINTH GENERAL MEETING OF MEMBERS was held at the Hall on Tuesday, December 16th, 1924. The Chair was taken by Sir Gregory Foster, B.A., Ph.D., Provost of University College, London.

There were sixteen Members present.

- I. The Minutes of the Thirty-eighth General Meeting on December 11th, 1923, were read and signed.
- II. The Annual Report and Balance Sheet hereto appended were presented by the Chairman and approved.
- III. The following were re-elected Members of the Council:—
LORD AVEBURY, MISS ELIZABETH FRASER, D.Sc.,
MISS WINIFRED SMITH, B.Sc.

The following were elected Members of the Council:

PROFESSOR H. E. BUTLER, M.A. MISS LINA POTTER, L.M.S.S.A.
MISS LOUISA HAMILTON, M.D., B.S. MISS MAUDE RICHARDS, M.B., B.S.
MISS HILDA MARTINDALE, O.B.E. MISS FLORENCE WOOD, M.A.

The following Representatives were elected in accordance with No. 20 of the Bye-Laws adopted in 1916:

Of the Senate of the University of London: Miss Ethel Strudwick, M.A.

Of the Committee of the University of London, University College: Sir Gregory Foster, B.A., Ph.D., Provost of University College, London.

Of the Council of the London School of Medicine for Women: Miss L. M. Brooks (Warden of the London School of Medicine for Women).

Of the Council of the London School of Economics: Miss M. C. Buer, B.Sc. (Econ.)

- IV. The following Honorary Member of the Hall was elected: Professor Ernest A. Gardner, Litt.D., Vice-Chancellor of the University.
- V. The Honorary Treasurer, Lord Avebury, was re-elected.
- VI. The Chairman reported that the Council had resolved to go forward with the scheme for the Incorporation of the Hall in the University. The special Committee appointed for this purpose would meet early in the new year. A General Meeting of the Members would be called to consider the recommendations of the Committee before a memorandum was presented to the University Grants Committee.

COLLEGE HALL, LONDON

REPORT OF THE COUNCIL,
SESSION 1923-4.

THE HALL and Annexes were full for the first and second terms, with seventy-seven Students in residence, and occasionally an extra Student was accommodated with a bedroom near by. There were a few vacancies in the third term, when more visitors were received. Amongst these were Members of the Institute of the Chemistry Students' Association (London) for a Conference at Wembley, and Medical Students from various Universities coming up for examinations.

A list of visitors is appended (see page 21).

During the session eighty-eight Students were in residence, sixty for the whole period. They were distributed as follows:

57 at University College—Arts, 24; Science, 8; Medicine, 7; Librarianship, 4; Architecture, 2; Slade School, 12.

1 at University College Hospital Medical School.

25 at the London School of Medicine for Women and Royal Free Hospital.

2 at the London School of Economics.

1 special Art Course at the Regent's Street Polytechnic.

1 Secretarial Course.

1 Matriculation Classes.

A list of the Students with the particulars of the Session's work will be found on page 14.

Miss Helen Gregory Foster (U.C. Medicine) held the office of Senior Student for the Session, and at its close was

awarded the Rosa Morison Memorial Medal for her services to the Hall in this capacity; she was re-elected in June for the following Session.

Miss Muriel Rippin (U.C. Medicine) served a second year as House-Secretary.

Two presentations of the Rosa Morison Memorial Medal took place during the Session, that to Miss Victoria Crosse (R.F.H.), (Senior Student, 1922-23), having been unavoidably postponed to the Spring Term. On those occasions Sir Gregory Foster and Lady Lockyer reminded the present Students of the intention in instituting the Medal in memory of Miss Morison, and recalled the ideals for the Hall of its first officers, Miss Grove and Miss Morison.

The Pfeiffer Fellowship was not awarded, but the interest in the fund was accumulated in order that a Fellowship of £60 might be offered. This has been awarded for 1924-25 to Miss Rosamund White, Certificated Student of Girton College, Cambridge (History Tripos, Pt. I., Cl. 2, 1922; Pt. II., Cl. 2, 1923; Law Tripos, Pt. II., Cl. 2, 1924), for Research in History at University College. The Pfeiffer Scholarship was held by Miss Mary Lee (U.C. Arts), who was awarded the Malden Medal and Scholarship for Classics at University College at the end of the Session. The Eleanor Grove Memorial Bursary went to Miss Phyllis Batson (U.C. Arts), and Special Bursaries, due to the generosity of Miss Brodrick, were given to Miss Emily Stephens (R.F.H.), Miss Muriel King (U.C. Science), and Miss Marjorie Morris (U.C. Slade School).

During the Summer Term Miss Brodrick was able to fulfil her promise to come and stay in the Hall, and to give the Students and friends of the Hall a talk on her travels in Egypt, with lantern illustrations made from her own photographs. Her kind thought for the Students provided other pleasures during the Session, including a Gilbert and

Sullivan Opera party, and visits to the British Empire Exhibition at Wembley.

In addition to two gifts, each of £50, during the Session 1923-24, for the benefit of Students of the Hall, Miss Brodrick, at the opening of the Session 1924-25, offered a Capital Sum of £500.

The offer was conveyed in the following letter:

THE LADIES' PARK CLUB,
PARKSIDE,
KNIGHTSBRIDGE, S.W. 1.
September 30th, 1924.

DEAR MISS ALLEYNE,

I have been cogitating very much how to be able to help some of the Students who in various ways want a little help at various times, and it strikes me that instead of sending the Principal dribblets from time to time, it would be so much better to put something aside which could be invested, and bring in a little permanent fund and would not be dependent upon my life, which is a shaky concern at best.

I suggest investing the distribution of it in the Principal and the Chairman of the Council of College Hall—The Principal chiefly—because she knows best what are the special needs of the individual Students—I want the money to be used according to the nature of the help that is wanted—either for fees of any kind, or a necessary holiday or books—or one of the many “wants” that can’t exactly be put in a category, and which probably the Principal alone knows—I should like it really to be the Principal’s “dipping pool,” but in the event of her liking to consult someone else, or of her being temporarily away or unwell, I suggest asking the Chairman of the Council if he will kindly be associated with the Principal in the distributing of it.

I enclose my cheque for £500 and only wish it were more.

I am,

Yours sincerely,

M. BRODRICK.

The Council has gratefully accepted the gift and decided that Miss Brodrick’s letter shall constitute the Trust Deed of

the Fund, and that the Fund shall be administered under the following rules :

1. That the Fund be styled "The Mary Brodrick Fund."
2. That the Capital of £500 be invested in a suitable Trustee Stock.
3. That only the Income of the Fund be utilised.
4. That in the event of the whole Income of the Fund not being utilised in any year, the Council may carry forward such unexpended portion of the Income as they deem fit to another year, or they may in their discretion add it to the Capital.
5. That Grants from the Fund be made by the Principal, after consultation, if she should deem it desirable, with the Chairman of the Council, and that she shall report her action at the next meeting of the Council.
6. That any present Student whose financial position is held by the Principal to justify it is eligible for a grant or assistance from the Fund.

A number of additions were made to the Library from the Library Fund, which included a gift of £10 from the College Hall Old Students' Association, and seventy volumes from the Library of the late Professor Ker were presented by his sister.

The Crabb Robinson Trustees have renewed their Grant of £10 for the purposes of the Library, including the Students' Mudie subscription.

The Council desire to express their thanks for these gifts, and for the continued interest and support of other friends of the Hall.

A list of gifts and subscriptions will be found on page 22. In addition to the usual social functions of the Hallow E'en

and May Parties, and Fancy Dress Dance given by the Old Students' Association, a dance was held on February 1st to which Students invited their men friends.

The Council deeply regret to have to record the death of three Members—Mrs. Woodhouse, Dr. Winifred Patch and Sir Sydney Russell-Wells.

Mrs. Woodhouse, at one time Head Mistress of Sheffield and of Clapham High Schools, was elected an Honorary Member in 1914, in recognition of her services to the Education of Women. She took a keen personal interest in all the concerns of the Hall, and always expressed her pleasure in attending the General Meetings and other social functions whenever it was possible for her to do so.

Dr. Winifred Patch entered the Hall in 1890 to start on the B.Sc. course at University College; in her first Session she gained the Silver Medal for Chemistry, a 'Clothworkers' Exhibition, and Honours in Chemistry in the Preliminary Science Examination, followed by prizes for Philosophy and Logic, and the B.Sc. Degree in 1893. She was a brilliant Student, both quick and hard working, and passed all her Examinations in record time. In 1891 she entered the London (Royal Free Hospital) School of Medicine for Women, gaining Honours in both the M.B., B.S. Degrees, and proceeding in due course to the M.D. Degree. After holding posts at the R.F.H. and elsewhere, she started in general practice in Highgate, holding in addition the post of Medical Officer to many local institutions. She was valued as much for her wonderful personality—for her courage, gaiety, kindness and sympathy, as for her keen scientific intellect and professional skill. Although probably one of the busiest of the Old Students, she seldom missed looking in, if only for a few minutes, at any meetings or parties held at the Hall, showing her interest in the present Students, as well as her delight in greeting old friends and contemporaries. Her

swift passing, as the result of a street accident near her own Royal Free Hospital, to which she was taken, is lamented by a large circle of patients and friends.

Old Students will be glad to know that her practice is being carried on by another former College Hall Student, Dr. Lina Potter.

Sir Sydney Russell-Wells had been a Member of the Hall since 1921, and had shown considerable interest in its welfare. As Vice-Chancellor of the University and, subsequently, as the Member of Parliament for the University, Sir Sydney showed a large and generous conception of the possibilities for the future of the University and of the various institutions connected with it.

The Council also desire to extend to Lady Bayliss their sympathy at the loss of her distinguished husband, Professor Sir William Bayliss, and to acknowledge the kindly interest that Sir William always showed in the affairs of the Hall.

The audited Accounts appended to this Report, show that the financial position of the Hall continues to improve.

The question of the liability to Income Tax referred to in the last Report is still engaging the attention of the Council, more particularly in regard to the proposed new Constitution for the Hall. Pending any further settlement of the matter, it is necessary to pay Income Tax, and provision has accordingly been made in the Accounts for this payment.

The Income and Expenditure Account shows, that after meeting all the liabilities of the year (including the considerable sum of £948 11s. 8d. for repairs) there is a credit balance of £523 18s. 6d. This sum has been transferred to the Rent Reserve Account, which was instituted in 1913, for the purpose of providing a fund to meet expenses during rebuilding. The Rent Reserve Account now amounts to £5,189 4s. 8d., of which sum £3,317 is in the form of liquid assets, £2,317 4s. 11d. being represented by investments and

the balance by cash. The difference between the liquid assets and the total of the account is therefore about £2,000.

In view of the favourable financial position, the Council decided, at the end of last Session, to reduce the fees for residence by Three Guineas, the reduction being made in the third Term for Students who have been in residence throughout the Session, 1924-5.

At the end of the Session Mrs. Shackle resigned the post of Principal's Assistant. She is succeeded by Miss Dorothy Bishop (Honours Diploma in Domestic Science, University College, Reading), to whom the Council extend a welcome.

The Council desire again gratefully to acknowledge the zeal, care and success with which the Principal, the Bursar and the Staff of the Hall have discharged their duties.

FELLOWSHIP AND SCHOLARSHIP.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.

FORTY-THIRD ANNUAL REPORT.

(SEPTEMBER 1ST, 1924—AUGUST 31ST, 1925.)

College Hall, London.

(UNIVERSITY OF LONDON)

Presented to the Annual Meeting,

December 8th, 1925.

COLLEGE HALL, LONDON

(University of London.)

COLLEGE HALL provides for women studying at University College, London, and the London (Royal Free Hospital) School of Medicine for Women, and other Schools of the University of London, the advantages of a Collegiate residence.

The success of the Provisional scheme during the first three years made it desirable to establish the Hall on a permanent basis, and in March, 1886, it was incorporated under the Board of Trade as a Limited Liability Company, with the title of "College Hall, London," the new Association taking over the assets and liabilities of the Provisional Committee. The liability of a Member of the Hall was fixed at 5s. The Memorandum of the Association sets forth that "No religious test shall be imposed, upon or after appointment, or admission, on any officer or student of the Hall."

The premises occupied by the Hall were formerly the Coward College, although after the removal of the College they were converted into three separate dwelling houses, and known as Byng Place. In October, 1882, the Provisional Committee of College Hall opened No. 1, Byng Place, accommodating ten students; a year later the lease of the adjoining house was acquired; and the number of applications still exceeding the vacancies, fresh negotiations were set on foot, with the favourable result that in 1887 the lease of No. 3 was obtained from the Coward Trustees, and the three houses were reinstated as one building. But the Council were compelled, in order to meet the requirements of the Bedford Estate, to create (on the security of one of the Members of the Hall) a Trust Fund as a guarantee for the restoration of the building as three residential houses. This guarantee is no longer needed, as, in June, 1913, the Council acquired the remainder of the lease, and in the following October became the owners of the freehold.

Of the Council of the London School of Economics: Miss M. C. Buer, B.Sc. (Econ.)

- IV. The following Honorary Members of the Hall were elected :—

MRS. MARY SCHARLIEB, C.B.E., J.P., M.D., M.S.
MISS HELEN GREGORY FOSTER, Senior Student, 1923-1925.

- V. The Honorary Treasurer, Lord Avebury, was re-elected.

COLLEGE HALL, LONDON.

REPORT OF THE COUNCIL,

SESSION 1924-25.

THE HALL and Annexes were full for the first two terms, with seventy-seven Students in residence. For the third term two Arts Students of University College were absent for study in France, and there were several other unavoidable vacancies. The Council are glad to report that of eighty-two Students in the Hall during the Session, seventy were there throughout the period, and that a large majority of Students now remain in residence throughout their University course.

The distribution of the Students was as follows:

53 at University College,

Arts, 24, including one Student working for M.A. in History.

Science, 13, including one Student working for Ph.D. in Bio-chemistry.

Medicine, 3.

Architecture, 1.

Librarianship, 5.

Slade School, 7.

4 at University College Medical School.

19 at London School of Medicine for Women, and Royal Free Hospital.

4 at London School of Economics,

Commerce, 2.

Science, 1.

Journalism, 1.

1 at Bedford College.

1 Matriculation Classes for Faculty of Laws at University College.

From an academic point of view the year has been satisfactory. One Student obtained Second Class Honours in Latin, four in History, one in Geography, and one the Diploma in Librarianship.

A list of the Students with the particulars of the Session's work will be found on page 14.

A large number of visitors stayed at the Hall during the Session, amongst whom special mention must be made of two of the Hall's oldest Students and friends, Miss Brodrick and Miss Hurst.

A list of Visitors is appended (see page 21).

Miss Helen Gregory Foster (U.C.H.) continued to hold the office of Senior Student for Terms I. and II., and her resignation on her withdrawal from the Hall in March was regretted by all. She was awarded the Rosa Morison Memorial Medal in June, 1924; the Council, being desirous of making further recognition of her services during the remainder of her time in office, have nominated her for election as an Honorary Member of the Hall at the next General Meeting. Miss Eileen King (U.C.H.) was elected Senior Student for Term III., and Miss Rosetta Wood (U.C.) for the Session 1925-26. Miss Elsie Wright (L.S.M.W. and St. Mary's Hospital) acted as House-Secretary.

The Pfeiffer Fellowship was held by Miss Rosamund White (Certificated Student of Girton College, Cambridge) for research in History at University College for the M.A. degree; her work not being completed, she has been re-elected for the Session 1925-26. The Pfeiffer Scholar, Miss Mary Lee (U.C.), obtained Second Class Honours in Latin. This Scholarship has been awarded for 1925-26 to Miss Dorothy Ridges (U.C.), who won the Junior Class Prize in Italian in

the Intermediate Examination. Miss Phyllis Batson (U.C.), holder of the Eleanor Grove Memorial Bursary, obtained Second Class Honours in History, and has now gone to the Cambridge Training College for a year's study. This Bursary has now been awarded to Miss Winifred Wright (L.S.M.W. and R.F.H.). Bursaries have also been awarded to Miss Waters, B.Sc. (U.C.), Miss Bruce (U.C.), Miss Wilde (U.C.), and Miss Hamburger (L.S.M.W.), for the Session 1925-26.

On October 7th, Sir Gregory Foster spent the evening at the Hall, and delighted his audience with an account of "The University of London, its Colleges, Schools and Halls," with special reference to the experiences of the first Women Students at University College.

Other Social functions of the session include the Hallow E'en Party, the Fancy Dance given by the College Hall Old Students' Association, a grand Firework Display on the "roof-garden" on November 5th, and an evening of Carol Singing at the close of the first term.

The May Party had to be cancelled at the last moment owing to two cases of scarlet fever in Annexe 1.

The College Hall Old Students' Association held their Annual Meeting in the Hall in January, and a Social Meeting in November. They have presented a portrait of the late Miss Boileau to be hung in the Common-room to perpetuate the memory of one of the most devoted and loyal Students of the Hall, who was in residence from 1896 to 1906, and a Member of the Council from 1906 to 1923.

Miss Brodrick's generous gift to provide a "dipping-pool" for Students' needs has already proved invaluable, for supplementing the Bursary Fund to meet emergencies and in various other ways. The Mary Brodrick Fund, the institution of which with the gift of £500 was announced to the Members in last year's Report, has been invested in

Funding Loan, and the interest will be available for 1925-26. To this fund Miss Brodrick has now made a further gift of 50 £1 shares in the Rio de Janeiro Flour Mills and Granaries Co., Ltd., transferred to College Hall, the interest to be used for the benefit of the Students. She has also sent gifts of money which have provided amongst other things the use of tennis courts in Lincoln's Inn Fields, an addition to the Bungalow Fund, the cake for the Hallow E'en Party, and a Party to celebrate Presentation Day, on which latter occasion she was able to be present to enhance the enjoyment of all. Before leaving for Egypt at the beginning of the Session she also visited the Hall, and gave a talk in the Common-room on "Modern Egypt." It is gratifying to learn that the American Geographical Society has conferred an Honorary Fellowship on Miss Brodrick, and the Council desire to offer their congratulations to their distinguished Past Student.

The Library has received various additions through the Library Fund, which included a grant of £10 from the Crabb Robinson Fund, to provide also the Mudie Library Subscription, and £10 from the College Hall Old Students' Association towards the purchase of the new *Encyclopaedia Britannica*. The Council desire to express their thanks for all these gifts and for the continued interest and support of the many friends of the Hall.

A list of gifts and subscriptions will be found on page 22.

The Bursar, Miss Dobson, was absent for the Spring Term owing to illness. Miss Bishop moved into the Hall from Annexe 2 to assist the Principal, and Miss Stephens, M.B., B.S. took charge of the larger Annexe. Early in the Summer Term she left, on her appointment as Resident Assistant Obstetrical Officer at the Royal Free Hospital. Miss Dobson was then able to return to the Hall and resume her work.

The Members of the Roll of Past Students have elected

Miss B. M. Dibblee as their Representative on the Council in succession to Miss Ridgway, who retires after three years' service, and has been co-opted on to the Council.

In January the Council and all connected with the Hall sustained a great blow in the announcement of the resignation of the Chairman, Sir Gregory Foster, whose health necessitated a year's rest and absence from England. It is impossible to express adequately what the Hall owes to Sir Gregory's wise and vigorous guidance during the twenty-four years he has served on the Council, fourteen of these as its Chairman. The Council desire to record their sense of indebtedness to him, together with their sympathy in his illness, and their earnest hope that he will resume his office on his return with renewed health. At a Meeting of the Council on March 17th with Sir Gregory Foster in the Chair, Lady Lockyer was elected Chairman for the remainder of the year of office.

An application was made to the Board of Education for recognition for residential grants for Students at the London Day Training College. The Hall and Annexes were inspected by Miss Monkhouse on May 11th, and on her report College Hall was added to the list of recognised Hostels as from September 1st, 1924. Two Students were eligible for the Grant. The Council welcome this official connection with the London Day Training College, whereby the scope and usefulness of the Hall is still further expanded.

An Extraordinary Meeting of the Members of the Hall was held on March 27th to consider a Memorandum on the proposal to transfer the Hall to the University of London. Lady Lockyer was in the Chair, and nineteen other Members and the Principal were present. Sir Gregory Foster, to whose initiative and work the Memorandum was due, introduced the business. The eight clauses of the Deed of Trust were considered in detail, and with certain amendments

approved. Sir Gregory Foster then moved on behalf of the Council the following resolutions:

1. "That the Members of College Hall do approve the Memorandum on the proposal to transfer the Hall to the University, and do instruct the Principal to forward a copy of it to the Chairman of the University Grants Committee (Sir William McCormick), and another to the Principal Officer of the University (Sir Cooper Perry)."
2. "That the University Grants Committee and the Senate be asked to express their general approval of the proposals in the Memorandum."
3. "That Sir William McCormick be asked to say when the assistance foreshadowed in the Minute contained in Schedule X., is likely to be forthcoming."

Dr. Colman seconded the motion.

After speeches in support of the Memorandum had been made by Miss Brooks, Miss Leigh Browne, Miss Buer and Miss Kilgour, the three Resolutions were put from the Chair and carried unanimously. The Memorandum has been considered by several Committees of the University.

The following is an extract from a letter from the Principal Officer to the Principal of College Hall, dated July 31st, 1925.

"With reference to the correspondence ending with your letter of the 22nd May, on the subject of the proposed transfer of College Hall, Byng Place, to the University, I am writing to let you know that, since it is understood that the University Grants Committee have not been able to see their way to provide the financial assistance referred to in the Memorandum forwarded with your letter of the 7th April, it is assumed that the scheme for carrying out the transfer, as at present drafted, cannot be further pursued."

The matter therefore stands in abeyance for the present.

The audited accounts appended to this Report show a satisfactory financial position.

There is a balance on the Income and Expenditure Account for the year of £489 5s. 8d., which, in accordance with the Council's established policy, is carried to the Rent Reserve Account to build up a fund to meet expenses during rebuilding. This fund now amounts to £6,226 8s. 9d., of which sum £4,346 10s. 7d. is in the form of liquid assets, £3,857 4s. 11d. being represented by investments and the balance by cash. The difference between the liquid assets and the total of the account is therefore about £2,000.

The Council's decision to reduce the residential fees for the third term by three guineas to all Students in residence throughout the session resulted, as was hoped, in a larger number remaining till the end of the session, and is therefore appreciated both by the authorities and by the Students.

The Council desire to tender their thanks to the Officers and Staff of College Hall for the admirable manner in which the work has been carried on, in spite of exceptional difficulties during the Session.

FELLOWSHIP AND SCHOLARSHIP.

THE interest on the amount (£2,000) granted to College Hall under the Pfeiffer Bequest, enables the Council to offer each year a Pfeiffer Fellowship of £30 to a Graduate engaged in study of some higher degree, or in original work of any kind approved by the Council; also a Pfeiffer Scholarship of £20 to an Undergraduate who has passed an intermediate Examination and is proceeding to graduation or who is working for a qualification to practise one of the liberal professions. The holders of the Fellowship and Scholarship are required to reside in the College Hall.
